

# CAR REPAIR SYSTEM

**QUALITY FOR SYSTEM**

**CAR REPAIR SYSTEM GROUP**

## **Expert at car bodywork repair.**

Since more than a decade, the company has exclusively dedicated itself to the automotive sector through the manufacture and distribution of special products used for the manufacture, repair and maintenance of car bodywork.

As an experienced multinational group, Car Repair System has always focused its activity on markets needs and research and development relevance for a continuing progress.

For this reason, through the whole range of products commercialized under the company's brand that includes products as chemicals, polishers, accessories and complements, protective materials, abrasives, machines, tools and body shop equipment, the company intends to satisfy every car body shop need.

## **International presence.**

Behind those efforts since several years, Car Repair System group is now present all over the world through subsidiaries and distribution agreements. As consequences, the opening of a recent subsidiary in Italy and the good performance of its known subsidiaries in Spain, France, Portugal and Morocco.

To be present anywhere, the group has succeeded in getting distribution agreements in the rest of Europe and with local importers in Northern Africa, the Middle East, Angola, Mozambique, Cape Verde, Uruguay and Australia.

## **Quality for system.**

Since its inception, Car Repair System's priority is to ensure the quality of its products and services. As a consequence, the Quality Department keeps putting all its efforts into working in this direction. This is one of the reasons why the company obtained a certification of quality only half a year after its foundation.

Paying a special attention to markets evolution and new technologies, the development of an active Research & Development Department has become essential. The R&D team, whose sole concern is excellence and pioneering in the sector, updates constantly the range of products.

In this day and age, Car Repair System has managed to establish a new embedded system to check Quality, R&D, Environmental and Social Responsibility management.

This allows the company to obtain and maintain the following certification:

- ISO 9001:2008 Certification of quality since 2001.
- ISO 14001:2004 Certification of environmental protection since 2005.
- UNE 166002:2006 Certification of research & development since 2011.
- SA 8000:2008 Certification of social responsibility since 2012.

Filling & Carbon Repair / Polyester Fillers and Carbon Fibre Repair

**FILL UNIVERSAL LIGHT BEIGE** • Ultra-Lightweight Filler

Ref. 5001-1090	Beige	1000 ml	10 Un.
----------------	-------	---------	--------

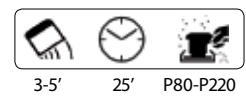

Ultra-light filler of an especially low weight (950 g/l). Easy to spread with a spatula, extremely compact and totally non-porous. Easy to sand, then reducing drastically sanding steps and saving time. Its elasticity and shock absorption sets it apart as an outstanding product. Putty with adherent charges and resins over aluminium.

**FILL LIGHT PLUS** • Lightweight Filler

Ref. 5001-1082	Blue	1000 ml	12 Un.
----------------	------	---------	--------

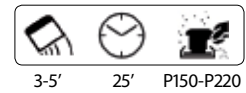

Exceptionally low weight ultra-light filler, that allows for exceptional sanding, minimum humidity absorption and has great adhesive power over zinc and aluminium. Since it contains no mineral charges, the dust is significantly reduced during sanding in comparison to other traditional fillers. Putty with adherent charges and resins over aluminium.

**FILL MULTILIGHT PLUS** • Lightweight Filler

Ref. 5001-6106	White	1000 ml	12 Un.
----------------	-------	---------	--------

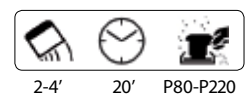

Exceptionally low weight ultra-light filler. Extremely compact and easy to spread with a spatula. Exceptional sanding, minimum humidity absorption, great adhesive power and excellent finish. Since it contains no mineral charges, dust is significantly reduced during sanding in comparison to other traditional fillers. Putty with adherent charges and resins over aluminium.

**FILL SOFT WHITE** • Traditional Filler

Ref. 5001-1083	White	Tin	2 Kg	12 Un.
Ref. 5001-1081	White	Cartridge	2 Kg	12 Un.
Ref. 5001-1079	-	Dispenser	-	1 Un.

Traditional filler with excellent adhering properties on tin, steel, galvanised steel and wood. Ideal for larger fillings and easy to sand. Available in 2-kg cartridges that come with a manual applicator and hardener.

**FILL MULTISOFT BEIGE** • Traditional Filler

Ref. 5001-1086	Beige	1,8 Kg	10 Un.
Ref. 5001-1092	Beige	3 Kg	4 Un.

Traditional beige polyester filler for any kind of repair. Very creamy and compact. Easy to sand and fast drying. Especially indicated for large ridges.

**FILL METAL** • Special Filler

Ref. 5001-1125	Dark Grey	1,5 Kg	12 Un.
----------------	-----------	--------	--------

Polyester filler with a high-density content of aluminium that makes it strongly adhesive on steel, galvanised steel, aluminium, fibreglass, wood, etc. Strong filling power, flexible and easy to sand. Efficient anti-corrosive protection.

**FILL GLASS** • Special Filler

Ref. 5001-1031	Green	1,8 Kg	12 Un.
----------------	-------	--------	--------

Fibreglass polyester filler created especially for filling larger imperfections and rusted areas. It sticks directly to the steel surface or body. Easy to sand.

**FILL EASY SAND** • Special Filler

Ref. 5001-1087	White	880 ml	6 Un.
----------------	-------	--------	-------

Liquid filler especially indicated in the filling of minor imperfections, pores, and sanding scratches. Extremely easy to sand even with fine grains (P320, P400). It acts like a nitro putty, but is a two-component product. VOC approved.

### NITRO PUTTY 1K

Ref. 5000-0001	Grey	Tube	180 g	24 Un.
----------------	------	------	-------	--------

Nitro putty especially indicated in filling pores and light scratches. Fast drying.

### FILL POLISPRAY • Liquid Filler

Ref. 5001-0032	Light Grey	1,5 kg	6 Un.
----------------	------------	--------	-------

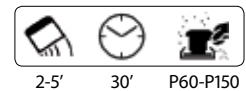

Polyester filler to be spread with a two-component application gun. Used for the filling of shallow sanding marks and scratches. Fast drying. Easy to sand. Hardener included.

### KIT FIBER REPAIR

Ref. 5001-1128	Kit	6 Un.
----------------	-----	-------

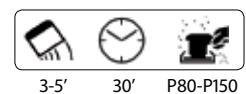

Kit for fixing fibreglass, metal and other materials. Best used for general repair on industrial vehicles or auto bodywork, as well as tuning.

**Composition:** Polyester resin: 750 ml • Hardener: 30 g • Fibreglass cloth: 500 x 500 mm • Mixing cup and brush.

### FILL FIBER TECH • Special Filler

Ref. 5001-1089	Dark Grey	709 ml	6 Un.
----------------	-----------	--------	-------

High-tech filler with a high fibreglass content, strengthened with Kevlar, which makes it extremely resistant even when applied in thin layers. Ideal when a structure needs reinforcing without adding a weighty layer. It is commercialised in a convenient 709-ml bag.

## SPATULA CLEANER

Ref. 2004-1700	2 Un.
----------------	-------

Cleaner tank for spatulas. Especially designed to ensure a fast and efficient cleaning. Compatible with all cleaning solvents.

Spatulas cleaning process: introduce the spatula through the groove. The friction between the inner fibre and the solvent (or water) permits a perfect cleaning, free of residues.

## STAR BRITE FOR SPATULA CLEANER

Ref. 2004-1701	1 Pack	5 Un.
----------------	--------	-------

Synthetic felt for cleaning spatulas into solvent. Pack of 5 units for *Spatula Cleaner*.

## SET OF 4 METAL SPATULAS

Ref. 2004-1720	50, 80, 100 and 200 mm	10 Sets	4 Un.
----------------	------------------------	---------	-------

Set of four different-sized metal spatulas.

## WHITE RUBBER SPATULAS

Ref. 2004-1540	100 mm	1 Set	24 Un.
----------------	--------	-------	--------

Flexible rubber spatula used for applying filler on curved surfaces. It adapts to the shape making for an even spread. Resistant to cleaning solvents.

## SET OF 5 PLASTIC SPATULAS

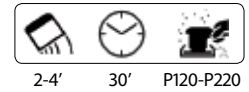

Ref. 2004-1620	5 x 100 mm	10 Sets	5 Un.
----------------	------------	---------	-------

Set of five hard plastic spatulas for filler application. Best used for the application of adhesives and stickers.

### FILL BLACK CARBON

Ref. 5001-1454	Black	500 ml	12 Un.
----------------	-------	--------	--------

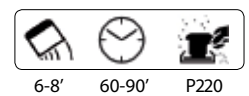

Black polyester filler for carbon repair. Apply with a spatula. Fast drying and easy to sand. Compatible with all primers or fillers.

### FILL TRANSPARENT CARBON

Ref. 5001-1456	Transparent	500 ml	12 Un.
----------------	-------------	--------	--------

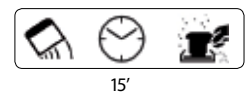

Bicomponent transparent polyester filler for carbon fibre parts repair. Used with transparent MEK hardener. Low drying

### FILLER CARBON FIBER

Ref. 5009-1458	Black	1 kg	12 Un.
----------------	-------	------	--------

Manually-applied monocomponent that covers pores. Best used for carbon fibre repairs. Easy to apply. Recommended to be spread with the *Hitex 4000* cloth and sand the excessive residues with an ultra-fine abrasive sponge, once dry.

Seal Repair / Windscreen Adhesives and Bodywork Sealers

**QUICK SEAL** • Standard Windscreen Glue

Ref. <b>5002-1062</b>	Black	Cartridge	310 ml	12 Un.
-----------------------	-------	-----------	--------	--------

Single-component polyurethane adhesive for direct windscreen gluing. Viscous sealer with dynamic drying. Polymerises whilst in contact with humidity. Apply with a manual or air extrusion gun.

Skin forming time: 40 min. Delivery of vehicle without airbag: 2 hours. With airbag: 6 hours.

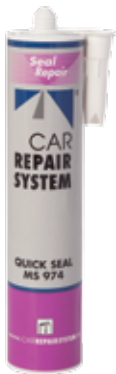

**QUICK SEAL PLUS** • Quick Windscreen Glue

Ref. <b>5002-1045</b>	Black	Cartridge	310 ml	12 Un.
-----------------------	-------	-----------	--------	--------

Polyurethane quick adhesive for direct windscreen gluing. Viscous sealant with dynamic drying.

Skin forming time: 25 min. Delivery of vehicle without airbag: 1,5 hour. With airbag: 3 hours.

**QUICK SEAL MS 974** • Windscreen MS Glue

Ref. <b>5002-1107</b>	Black	Cartridge	290 ml	12 Un.
-----------------------	-------	-----------	--------	--------

Quick single-component adhesive made of MS polymer, a next-generation product for direct windscreen gluing, with high thixotropic properties and dynamic drying. No need to use with *Quick Primer Glass*.

**KIT DG QUICK SEAL / SEAL PLUS** • Windscreen Glue Set

Ref. <b>5002-1061</b>	Kit DG Quick Seal	Standard	6 Un.
Ref. <b>5002-1060</b>	Kit DG Quick Seal Plus	Quick	6 Un.

**Kit DG Quick Seal**

- Quick Seal
- One Step Glass Primer
- Cleaning Cloth

**Kit DG Quick Seal Plus**

- Quick Seal Plus
- One Step Glass Primer
- Cleaning Cloth

## ONE STEP GLASS PRIMER

Ref. 5002-1110	Black	Tube	24 Un.
----------------	-------	------	--------

Black primer that forms a hard and opaque film once dry, improving its adhesion on polyurethane adhesives during gluing of glass, varnish and plastic (PVC, ABS, PMMA and SMC).

## CLEANING CLOTH

Ref. 2003-2400	Wipe	12 Un.
----------------	------	--------

Cleaning and degreasing wipe.

## QUICK PRIMER AND ACTIV GLASS • Primer and Activator for Glass Surfaces

Ref. 5002-1109	30 ml	10 Un.
Ref. 5002-1108	30 ml	25 Un.

Universal primer and activator for glass surfaces, ceramic screen printing and painted surfaces.

## PRIMER APPLICATOR

Ref. 2004-1160	100 Un.
----------------	---------

Cotton swab for applying *Quick Primer Glass* and *Activ Glass*.

## PNEUMATIC GUN CRS 4547

Ref. 1010-1188	1 Un.
----------------	-------

Pneumatic gun for cartridges or bags up to 310 ml of bodywork sealers and windscreen adhesives.

## MANUAL GUN CRS 2050

Ref. 1010-7522	1 Un.
----------------	-------

Manual gun for cartridges or bags of bodywork sealers and windscreen adhesives.

**QUICK FILL** • Bodywork Sealer

Ref. <b>5003-1041</b>	Black	Cartridge	310 ml	12 Un.
Ref. <b>5003-1052</b>	White	Cartridge	310 ml	12 Un.
Ref. <b>5003-1094</b>	Grey	Cartridge	310 ml	12 Un.

Quick polyurethane single-component adhesive sealer. Used for joining, sealing and filling bodywork pieces. Overpaintable once dry. Can be sanded easily.

**QUICK MS ECO** • Body MS Sealer

Ref. <b>5003-6032</b>	966 White	Cartridge	290 ml	12 Un.
Ref. <b>5003-6038</b>	965 Black	Cartridge	290 ml	12 Un.

Ecopolymeric multifunctional single-component sealer. VOC content: 0%. Does not turn yellow over time. Immediately overpaintable (wet on wet), does not get reduced after the application.

**QUICK FLEX MS** • Sprayable Sealer

Ref. <b>5003-1043</b>	White	Cartridge	290 ml	12 Un.
-----------------------	-------	-----------	--------	--------

Single-component bodywork sealer spray to be used on different metallic (steel, galvanised steel, stainless steel, tin), painted or primed surfaces and plastic materials. Elastic. Immediately overpaintable.

**MULTIFUNCTIONAL PNEUMATIC GUN CRS 2100**

Ref. <b>1010-7524</b>	1 Un.
-----------------------	-------

Multifunctional pneumatic gun for sprayable sealers, cartridges and bags of windscreen adhesives.

**BUTYL CORD**

Ref. 5003-1001	Black	Roll	20 Rolls
----------------	-------	------	----------

Auto-adhesive prefabricated butyl cord for sealing joints, headlights, car step,... Moisture protection and acoustic isolation. Thickness: 8 mm. Length: 4,5 m.

**BUTYL FILLER**

Ref. 5003-1002	Black	Cartridge	300 ml	12 Un.
----------------	-------	-----------	--------	--------

Butyl filler for sealing and waterproofing. Can be used on joints, headlights, car steps,...

**QUICK FILL BRUSH • Brush-Designed Sealer**

Ref. 5003-1037	Gris	Tin	1 kg	12 Un.
----------------	------	-----	------	--------

Single-component sealer for leak-free gaskets to be used with a brush. Fast drying. Overpaintable with any kind of paint system once totally dry.

**DOUBLE NYLON BRUSH**

Ref. 2004-4030	12 Un.
----------------	--------

Hard nylon fibre brush especially designed for applying watertightness sealers and permitting to obtain a new perfect finish.

**QUICK GLUE • Adhesive Spray**

Ref. 5011-1077	Colourless	Spay	400 ml	12 Un.
----------------	------------	------	--------	--------

Adhesive spray to be used on fabric, felt, tapestry, rubber, plastic, vinyl, polystyrene foam, cardboard, paper as well as on carpets and rugs.

**LOGO TAPE • Sticking Strips**

Ref. 2002-1980	50 mm x 300 mm	Pack 10 Un.	5 Packs
----------------	----------------	-------------	---------

Sticking strips to recover logos and imprints.

## PREFABRICATED PU CORD

Ref. <b>2008-56250</b>	Roll	8 mm x 16 m	10 Rolls
Ref. <b>2008-56260</b>	Roll	10 mm x 16 m	10 Rolls

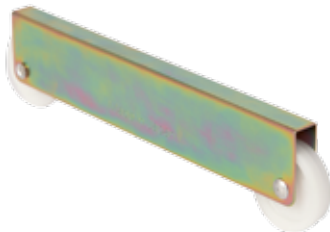

Prefabricated PU cord for door, boot and car bonnet sealing. Original finish guaranteed. Always use *PU cords* with a primer.

## PU CORD ACCESSORIES

### PRIMER FOR PU CORD

Ref. <b>2008-56290</b>	Colourless	Spray	400 ml	6 Un.
------------------------	------------	-------	--------	-------

Sprayable primer. Guarantees adhesion of the *prefabricated PU cord* and prevents corrosion.

### PU CORD APPLICATOR ROLLER

Ref. <b>2008-56295</b>	6 Un.
------------------------	-------

*Prefabricated PU* applicator. Allows the adherence and adaptation to the bodywork, ensuring its perfect positioning.

## QUICK METAL BONDING • Epoxy Adhesive

Ref. <b>5003-1045</b>	Black	Cartridge	250 ml	6 Un.
-----------------------	-------	-----------	--------	-------

Two-component, modified, epoxy-based adhesive for sealing metals quickly. Recommended for the substitution of non-structural panels like roofs, doors, side panels, etc. Sticks on steel, galvanised steel and tin. Abides by *General Motors 6449 G* rules & regulations for post-sale repair. Provided with a mixing cannula.

Protect Repair / Anti-Corrosive Protection

### STONE CHIP PROTECTION WB

Ref. 5008-1043	Black	Tin	1000 ml	12 Un.
Ref. 5008-1044	Grey	Tin	1000 ml	12 Un.

Water-based stone chip protection. Protects the paint from the road gravel and prevents the corrosion. Its elastic and hermetic properties guarantee the required protection by vehicles manufacturer after any paint process.

### STONE CHIP PROTECTION KS-2000

Ref. 5008-1042	Black	Tin	1000 ml	12 Un.
Ref. 5008-1053	Grey	Tin	1000 ml	12 Un.
Ref. 5008-1054	White	Tin	1000 ml	12 Un.

Overpaintable textured stone chip protection. Perfectly protects and isolates the bodywork from the gravel.

Its density permits to obtain very similar texture as originally. Anti-corrosive product, overpaintable, can be diluted.

### QUICK SHIELD • Stone Chip Protection Spray

Ref. 5008-1055	Black	Spray	500 ml	12 Un.
----------------	-------	-------	--------	--------

Overpaintable textured stone chip spray. Excellent protective and anti-corrosive power.

### QUICK SHIELD 2K PU • HS Stone Chip Protection – Hardener

Ref. 5008-1038	Black	Tin	500 g	12 Un.
Ref. 5008-1039	Beige	Tin	500 g	12 Un.

HS stone chip protection made of two-component polyurethane, ideal for reinforcing bodywork sealing and protection. Can be used directly on metal, treated surfaces, paint or other reinforced resins.

### STONE CHIP STANDARD GUN

Ref. 1009-7519	1 Un.
----------------	-------

Gun for applying anti-gravel products, either water-based or acrylic.

### STONE CHIP QS 2K GUN

Ref. 1009-7520	Gun	1 Un.
Ref. 1009-3090	Tip for 1l	12 Un.
Ref. 1009-7521	Tip for QS 2K	12 Un.

Gun with a disposable tip, specifically designed for applying anti-gravel products. Disposable tips for applying two- and single-component anti-gravel products.

### QUICK WAX • Cavity Wax

Ref. 5008-1066	Yellow	Tin	1000 ml	12 Un.
Ref. 5008-1036	Yellow	Spray	400 ml	12 Un.

Cavity-protecting wax with anti-corrosive properties, especially indicated for inside door panels, headlights, bumpers, bonnets, boots, etc.

### SOUNDPROOF SHEET

Ref. 2005-6000	50 cm x 50 cm x 2 mm	10 Un.
----------------	----------------------	--------

Flexible sheets that reduce vibrations and increase insulation.

# CAR REPAIR SYSTEM

# Plastic Repair

### SP WELDING

Ref. **1016-10001** 1 Un.

Welding machine for plastic. Can fix any piece of car or motorbike bodywork (bumpers, aisles, headlights, footrests, grills, dashboards, mouldings, wheel arches, etc.). Easily and rapidly fixes, strengthens or redesigns any of these elements.

Enables to fix without dismantling. Reduces work time and material costs. Three available intensities and three repair angles to permit an easy access to damaged area, even in hard-to-reach ones.

### SP WELDING POCKET

Ref. **1016-10003** 1 Un.

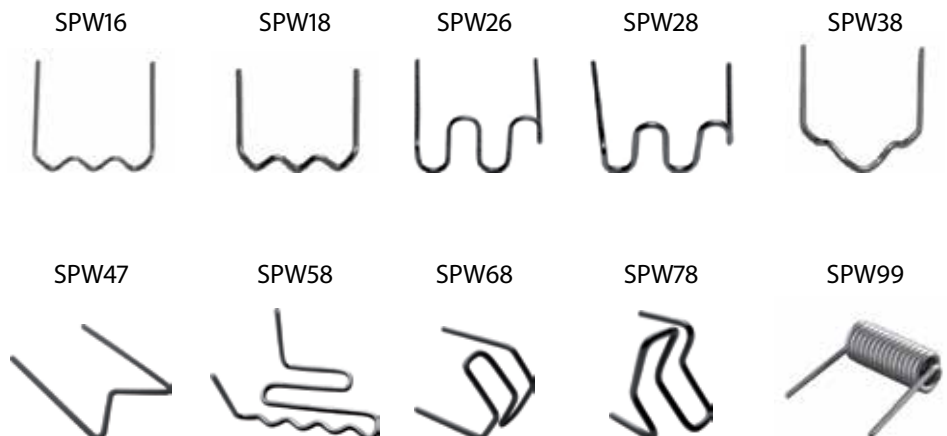

Cordless welding machine equipped with a nickel-metal hydride battery. Its design enables a more versatile, precise use and total freedom of movement. Led lid integrated between the two staple-holders electrodes for a better visibility of the repair area. Security system to avoid inadvertently switching on. Battery life: up to 600 staples.

Three available intensities and three repair angles to permit an easy access to damaged area, even in hard-to-reach ones.

### STAPLES SPW

Ref. <b>1016-10016</b>	Staples SPW16	100 Un. / bag	1 Bag
Ref. <b>1016-10018</b>	Staples SPW18	100 Un. / bag	1 Bag
Ref. <b>1016-10026</b>	Staples SPW26	100 Un. / bag	1 Bag
Ref. <b>1016-10028</b>	Staples SPW28	100 Un. / bag	1 Bag
Ref. <b>1016-10038</b>	Staples SPW38	100 Un. / bag	1 Bag
Ref. <b>1016-10047</b>	Staples SPW47	100 Un. / bag	1 Bag
Ref. <b>1016-10058</b>	Staples SPW58	100 Un. / bag	1 Bag
Ref. <b>1016-10068</b>	Staples SPW68	100 Un. / bag	1 Bag
Ref. <b>1016-10078</b>	Staples SPW78	100 Un. / bag	1 Bag
Ref. <b>1016-10099</b>	Staples SPW99	25 Un. / bag	1 Bag

Ten compatible shapes of stainless staples for *SP Welding Conventional* and *SP Welding Pocket*.

**FILL PLAS** • Plastic Filler

Ref. <b>5006-1126</b>	Dark Grey	Tin	1,5 kg	12 Un.
-----------------------	-----------	-----	--------	--------

Polyester filler with plastic fibre charges, designed especially for filling repairs on plastic surfaces. Flexible and extremely easy to sand.

**FILL FLEX** • Plastic Filler

Ref. <b>5006-1081</b>	Dark Grey	Tin	1 kg	6 Un.
-----------------------	-----------	-----	------	-------

Filler for plastic repair. Easy to sand.

**QUICK MIX 4013** • Universal Epoxy Plastic Repair

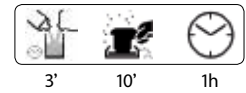

Ref. <b>5006-6029</b>	2 Tubes	2 x 250 g	3 Sets
-----------------------	---------	-----------	--------

Two Tubes of epoxy to be used for all types of plastic repair (including oleofinic types such as TPO, PP, XENOY and PPO). Easy to sand. VOC content: 0%.

### QUICK MIX UNIVERSAL • Universal Plastic Repair

Ref. <b>5006-1093</b>	Cartridge	50 ml	12 Un.
-----------------------	-----------	-------	--------

Quick Mix Universal has been designed for quick repair and reinforcing of all plastics, including the most difficult to repair (PP, EPDM, TPO, XENOY, ABS, PPO, SAN, RRIM, HBA). It is 100% solid and provides excellent joining.

Included: 2 mixing tips and a heat resistant film to improve the repair.

### QUICK MIX EXPRESS • Quick Plastic Repair

Ref. <b>5006-1096</b>	Cartridge	50 ml	12 Un.
-----------------------	-----------	-------	--------

Quick Mix Express is indicated in quick repairs where setting time is less than 50 seconds. Welds, repairs and refills.

Included: 2 mixing tips and a heat resistant film to improve the repair.

## QUICK MIX CONSUMABLES

### QUICK MIX MIXING TIP

Ref. <b>5006-1099</b>	Mixing Tip for 50 ml Cartridges	12 Un.
-----------------------	---------------------------------	--------

Dynamic tip to be used with *Quick Mix*.

### ADHESIVE FIBRE

Ref. <b>5006-1098</b>	50 mm x 20 m	10 Rolls
-----------------------	--------------	----------

Adhesive fibre roll to reinforce during repairs.

### QUICK MIX GUN

Ref. <b>1010-7525</b>	50 ml Cartridge	1 Un.
-----------------------	-----------------	-------

Application gun to be used with *Quick Mix* cartridges.

**QUICK TEX** • Textured Paint

Ref. 5004-1035	-	Black	Tin	1000 ml	12 Un.
Ref. 5004-1050	-	Grey	Tin	1000 ml	12 Un.
Ref. 5004-1036	Thick	Black	Tin	1000 ml	6 Un.
Ref. 5004-1037	Thick	Grey	Tin	1000 ml	6 Un.

Single-component textured paint to paint bumpers and other plastic surfaces for a rough finish. Creates a thin protective shield. Overpaintable.

**QUICK TEX** • Textured Paint Spray

Ref. 5004-1034	Black	Spray	400 ml	12 Un.
Ref. 5004-1049	Grey	Spray	400 ml	12 Un.

Single-component textured paint spray to paint bumpers and other plastic surfaces for a rough finish. Creates a thin protective shield. Overpaintable.

**QUICK RCOLOR** • Renewal Paint

Ref. 5004-1047	Black	Spray	400 ml	12 Un.
Ref. 5004-1048	Dark Grey	Spray	400 ml	12 Un.

Plastic-based paint for vinyl and plastic repair. Completely covers stains on bumpers.

**TEXTURED ADHESIVE PLASTIC**

Ref. 2001-1585	Roll	150 mm x 5 m	1 Un.
----------------	------	--------------	-------

Auto-adhesive tape with a textured finish touch that imitates original finish on door frames of certain car models. Easy to lay.

### QUICK PLAST-GEL • Dye

Ref. 5004-1083	Black	Plastic Bottle	1000 ml	6 Un.
Ref. 5004-1085	Dark Grey	Plastic Bottle	1000 ml	6 Un.
Ref. 5004-1084	Black	Tube	150 ml	15 Un.
Ref. 5004-1086	Dark Grey	Tube	150 ml	15 Un.

Water-based dye, especially designed for plastic surfaces and bumper moulding. Apply with sponge or *Hitex 4000* cloth.

### QUICK PLASTIC PRIMER • Transparent Plastic Primer

Ref. 5004-1106	Colourless	Spray	400 ml	12 Un.
Ref. 5004-1107	Colourless	Tin	1000 ml	12 Un.

Transparent primer created especially to guarantee adhesion of any type of paint used on plastic surfaces.

### QUICK ADHESION PROMOTER

Ref. 5006-1091	Colourless	Spray	400 ml	12 Un.
----------------	------------	-------	--------	--------

Mixture of different resin properties created to generate a chemical union on difficult plastic surfaces, enhancing adhesion during repair.

### QUICK RSTORE • Plastic Renovator

Ref. 5005-1137	Transparent Blue	Bottle	1000 ml	12 Un.
----------------	------------------	--------	---------	--------

Renovating gel for renewal of outdoor plastics (bumpers, spoilers, mirror brackets, etc.) and rubbers. Non-stick, long-lasting action and silicone free.

**QUICK CYAN** • Cyanoacrylate

Ref. <b>5007-1088</b>	Colourless	Bottle	20 g	20 Un.
-----------------------	------------	--------	------	--------

Fast-drying liquid cyanoacrylate that generates chemical unions on most surfaces. When used together with *Quick Cyan Activator*, drying is guaranteed even at lower temperatures.

**QUICK CYAN ACTIVATOR** • Cyanoacrylate Activator

Ref. <b>5007-1089</b>	Colourless	Spray	200 ml	12 Un.
-----------------------	------------	-------	--------	--------

This product guarantees drying at low temperatures, even below 0°C.

Techno Repair / Technical Paints

**QUICK PIERRE FUSIL** • Pierre Fusil Paint

Ref. <b>5011-1054</b>	Spray	400 ml	12 Un.
-----------------------	-------	--------	--------

Two layers solvent based paint. Renault code: Pierre Fusil. Indicated to be used on car mouldings, body side mouldings, bumpers,... To be covered with an acrylic clear coat. Recommended clear coat: *Quick Clear Lacquer-M 500 ml*.

**QUICK RALLY BLACK** • Black Paint

Ref. <b>5004-6023</b>	Matt Black	Tin	1000 ml	12 Un.
Ref. <b>5004-6024</b>	Satin Black	Tin	1000 ml	12 Un.
Ref. <b>5004-6039</b>	Gloss Black	Tin	1000 ml	12 Un.

Nitro-based, plastified, single-component acrylic paint for surface repainting. Available in three finishes: matt, satin or gloss.

**QUICK RALLY BLACK AND WHITE** • Spray Paint

Ref. <b>5011-6023</b>	Matt Black	Spray	500 ml	12 Un.
Ref. <b>5011-6024</b>	Satin Black	Spray	500 ml	12 Un.
Ref. <b>5011-6039</b>	Gloss Black	Spray	500 ml	12 Un.
Ref. <b>5011-6040</b>	Gloss White	Spray	500 ml	12 Un.

Universal nitrocellulose paint. Available in four finishes: matt, satin and gloss black and glossy white (RAL 9010).

**QUICK HEATPROOF** • Heat-Resisting Paint

Ref. <b>5011-1116</b>	Silver	Spray	400 ml	12 Un.
Ref. <b>5011-1117</b>	Black	Spray	400 ml	12 Un.

Anti-heat paint for treating areas exposed to high temperatures.

Silver: up to 360°C.

Black: up to 600°C.

## ALUMINIUM WHEEL KIT

Ref. 5014-1000	Kit	1 Un.
----------------	-----	-------

Ref. 5011-1000	Aluminium Paint Ultra Fine B01	Spray	400 ml	12 Un.
Ref. 5011-1001	Aluminium Paint Fine B02	Spray	400 ml	12 Un.
Ref. 5011-1002	Aluminium Paint Medium B03	Spray	400 ml	12 Un.
Ref. 5011-1003	Aluminium Paint Sparkling B04	Spray	400 ml	12 Un.
Ref. 5011-1004	Aluminium Paint Super Sparkling B05	Spray	400 ml	12 Un.
Ref. 5011-1005	Aluminium Paint Dark B06	Spray	400 ml	12 Un.
Ref. 5001-1000	Fill Metal + Hardener	Tin	750 g	18 Un.
Ref. 5009-1005	Star Lack Thermo Ceramic Clear Coat	Tin	1 l	12 Un.
Ref. 5009-1006	Star Lack Thermo Ceramic Hardener	Tin	0,5 l	24 Un.

Kit for repairing and painting alloy rims. Kit composed by an aluminium putty and six acrylic paint sprays in different grey tonalities (from the lighter and finer grey to the darker and thicker grey, including an anthracite grey). The kit contains a colour chart to choice the right colour and to apply directly, without mixtures. Includes also some masking cards for rims, a very resistant clear coat and its hardener to finish the repair.

## CHROME EFFECT • Chrome paint

Ref. 5004-6040	Chrome	Tin	750 ml	6 Un.
----------------	--------	-----	--------	-------

Special chrome effect paint to apply in a three layers system. The paint has to be applied on a high quality monolayer glossy black base. Once dry, it is recommended to apply a clear coat to ensure the durability.

## QUICK WHEEL SILVER • Tin for Alloys

Ref. 5004-1136	Grey Aluminium	Tin	1000 ml	12 Un.
----------------	----------------	-----	---------	--------

Nitro-based, plastified, single-component acrylic paint for final retouching of surfaces.

## QUICK WHEEL SILVER • Alloy Spray

Ref. 5011-1136	Grey Aluminium	Spray	500 ml	12 Un.
----------------	----------------	-------	--------	--------

Acrylic, resin-based spray designed for painting alloys, metals and hard plastics. Fast drying.

# CAR REPAIR SYSTEM

Filler, Clear Coat & Matt Finishing Repair / Filler, Clear Coat, Matt Finish, Thinner and Degreaser

### EASY FILLER 4000

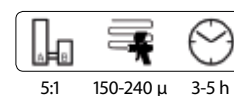

Ref. 5009-1220	Light Grey	Tin	4 l	4 Un.
Ref. 5009-1221	Dark Grey	Tin	4 l	4 Un.

Next-generation filler, created especially for an easy application and sanding. Available in two shades of grey, light and dark. High density filler specially developed to achieve a better finish in car bodywork repair.

Better application and sanding. Providing a satin effect once dry. Both light and dark grey colours can be mixed to obtain various grey colour schemes. Mixing proportions 5:1.

### EASY FILLER HARDENER

Ref. 5009-1222	Standard	800 ml	6 Un.
Ref. 5009-1223	Extra fast	800 ml	6 Un.

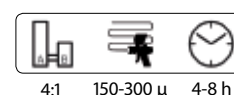

### FILLER AND SURFACER HS 540

Ref. 5009-1146	White	Tin	3,6 l	4 Un.
Ref. 5009-1147	Grey	Tin	3,6 l	4 Un.
Ref. 5009-1150	Black	Tin	3,6 l	4 Un.

Extremely thick filler. Fast drying and easy to sand. Available in three colours: pure white, grey and black. With the option to mix them to obtain different shades of grey. Can be used with an accelerator to achieve even faster drying. Mixing proportions 4:1.

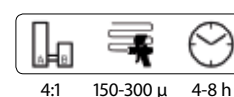

### HS FILLER HARDENER

Ref. 5009-1154	541 Extra fast	900 ml	Tin	12 Un.
Ref. 5009-1159	541 Standard	900 ml	Tin	12 Un.

### FILLER AND SURFACER HS 540 + HARDENER

Ref. 5009-1160	Grey	Tin	1 l + 250 ml	6 Un.
Ref. 5009-1161	Black	Tin	1 l + 250 ml	6 Un.
Ref. 5009-1163	White	Tin	1 l + 250 ml	6 Un.

Extremely thick filler provided with its extra fast hardener. Fast drying and easy to sand. Available in three colours: pure white, grey and black. With the option to mix them to obtain different shades of grey. Can be used with an accelerator to achieve even faster drying. Mixing proportions 4:1.

**QUICK 1K HIGH BUILDER** • Quick Filler Spray

Ref. <b>5011-1068</b>	Light Grey	Spray	450 ml	12 Un.
Ref. <b>5011-1069</b>	Dark Grey	Spray	450 ml	12 Un.
Ref. <b>5011-1070</b>	White	Spray	450 ml	12 Un.

Quick spray with enhanced filling properties. Fast drying and easy to sand. Applied directly to metals, fillers or properly sanded and worn-out painted areas. Compatible with all repainting systems.

**QUICK BODYPRIMER HS** • High Solid Filler Spray

Ref. <b>5011-1056</b>	Black	Spray	500 ml	12 Un.
Ref. <b>5011-1057</b>	Grey	Spray	500 ml	12 Un.
Ref. <b>5011-1058</b>	White	Spray	500 ml	12 Un.

Flexible high solid filler to be used on metal, wood and plastic. Enhanced filling properties. Can also be used as adhesive base.

**QUICK WASH PRIMER** • Quick Primer Spray

Ref. <b>5011-1067</b>	Grey	Spray	400 ml	12 Un.
-----------------------	------	-------	--------	--------

Primer/Adherence promoter applied directly to bare metals such as steel, zinc and tin. Fast drying and overpaintable even wet on wet after evaporation. Excellent anti-corrosive properties. To be used before any filler or primer.

**QUICK ZINC** • Zinc Primer

Ref. <b>5011-1073</b>	Spray	400 ml	12 Un.
-----------------------	-------	--------	--------

Semi-glossy, epoxy-based zinc spray to be used on metals. High zinc content (90,5 % once dry). Excellent anti-corrosive properties.

**QUICK ZINC-ALU** • Zinc – Aluminium Primer

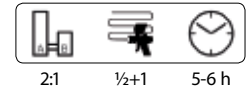

Ref. <b>5011-1075</b>	Spray	400 ml	12 Un.
-----------------------	-------	--------	--------

Silver-coloured, satin paint that provides great anti-corrosive protection for metals, thanks to its high pure zinc VOC content and its aluminium pigments.

### STAR LACK CLEAR COAT UHS 4000

Ref. <b>5009-1110</b>	Tin	5 l	4 Un.
Ref. <b>5009-1116</b>	Tin	1 l	12 Un.

Next-generation UHS clear coat to be used for repainting car bodies partially or completely. Easy to apply. Excellent finish. Can be used in any repaint procedure thanks to its versatility and the range of its hardeners. Mixing proportion 2:1.

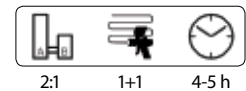

### STAR LACK HARDENER UHS

Ref. <b>5009-1111</b>	1000 Fast	2,5 l	4 Un.
Ref. <b>5009-1112</b>	2000 Normal	2,5 l	4 Un.
Ref. <b>5009-1113</b>	3000 Slow	2,5 l	4 Un.
Ref. <b>5009-1117</b>	2000 Normal	0,5 l	6 Un.

### STAR LACK CLEAR COAT HS LVC 4020

Ref. <b>5009-1195</b>	Tin	5 l	4 Un.
Ref. <b>5009-1202</b>	Tin	1 l	6 Un.

Next-generation HS clear coat with a high solid content that creates a strong gloss effect. Perfect for any type of repair: does not wear away. There is a large range of compatible hardeners for this product.

Mixing proportions 2:1.

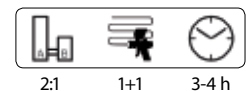

### STAR LACK HARDENER HS LVC

Ref. <b>5009-1197</b>	1020 Fast	2,5 l	4 Un.
Ref. <b>5009-1198</b>	1030 Normal	2,5 l	4 Un.
Ref. <b>5009-1203</b>	1030 Normal	0,5 l	6 Un.
Ref. <b>5009-1199</b>	1040 Slow	2,5 l	4 Un.
Ref. <b>5009-1200</b>	1050 Extra slow	2,5 l	4 Un.

### STAR LACK CLEAR COAT HS 4050 PLUS

Ref. <b>5009-1022</b>	Tin	5 l	4 Un.
Ref. <b>5009-1021</b>	Tin	1 l	18 Un.

HS clear coat with anti-scratch properties. Fast drying. Produces a highly effective finish. Easy to apply. Does not require thinner. There is a large range of compatible hardeners for this product. Mixing proportion 2:1.

### STAR LACK HARDENER HS \*

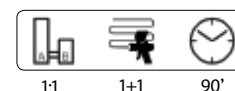

Ref. <b>5009-1138</b>	2010 Slow	2,5 l	4 Un.
Ref. <b>5009-11017</b>	2020 Normal	0,5 l	12 Un.
Ref. <b>5009-1026</b>	2020 Normal	2,5 l	4 Un.
Ref. <b>5009-1141</b>	2030 Fast	2,5 l	4 Un.

\*This last generation clear coat formula is compatible with the clear coat 4000 UHS hardeners for a best finishing. Mixture more solid, best thixotropy and wear resistance.

### STAR LACK EXPRESS

Ref. 5009-1114	Clear Coat	Tin	2,5l	4 Un.
Ref. 5009-1115	Hardener	Tin	2,5l	4 Un.

Last generation clear coat with air drying technology, with no need to use heat drying systems although the products allows it perfectly. Especially developed for all kind of painting works, including flat parts such as roofs, hoods, complete sides... Allows to paint one part after another thanks to its spraying acceptance time of a standard clear coat.

At 20°C:

Operable in: 40 minutes / Imperfection cutting - polishing: 90 minutes / Total dry - Overpaintable: 4 hours.

### STAR LACK 1K

Ref. 5009-1250	Tin	1l	12 Un.
----------------	-----	----	--------

Single-component acrylic clear coat for interiors. Long-lasting, glossy finish. Dries naturally, does not turn yellow. Can be thinned. Apply two layers with a 10-minute interval between each. Dust-free in 10 minutes and dry in 2 hours. Without Pot Life.

### STARMATE • Matt Clear Coat

Ref. 5009-1300	Clear Coat	1l	12 Un.
----------------	------------	----	--------

Two-component acrylic clear coat for two-layer matt finish systems. Mixing proportion 5:1. Fast drying and even finish.

### STARMATE HARDENER

Ref. 5009-1301	Standard	0,5l	5 Un.
Ref. 5009-1302	Fast	0,5l	5 Un.

### QUICK SPOTBLENDER • Thinner for Blenders

Ref. 5011-1155	Spray	400 ml	12 Un.
Ref. 5011-1156	Tin	1000 ml	12 Un.

Mixture of high-quality thinners to be used for paint blending during repairs. Fine mist spray. To be used with an application gun or directly with the spray.

### HEADLIGHTS KIT

Ref. <b>5006-1101</b>	Kit	1 Un.
-----------------------	-----	-------

Kit including a high resistant clear coat with its hardener and an additive especially suitable for UV light-protection. This additive protects the polycarbonate panels after repair.

### HEADLIGHTS REPAIR KIT

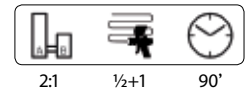

Ref. <b>3001-5003</b>	Kit	1 Un.
-----------------------	-----	-------

Set for repairing and recovering polycarbonate screens, used for car, industrial vehicle and motorcycle headlight production. Comes with different sanding grains for rectifying minor superficial damage and restoring worn-out surfaces. Includes a two-component polyester with anti-shock effect to protect the screen after repair.

### STARLIGHT • Polyester for Polycarbonates

Ref. <b>5009-1001</b>	Polyester	Tin	1l	1 Un.
Ref. <b>5009-1002</b>	Hardener	Tin	0,5l	1 Un.

Two-component polyester with anti-scratch effect to protect polycarbonate surfaces. Creates a shield over the windscreen. Protects from gravel and insects. Guarantees clear visibility. Extra-fast hardener.

Mixing proportion 2:1.

### QUICK CLEAR LACQUER • Acrylic Clear Coat Spray

Ref. <b>5011-6021</b>	Colourless	Gloss	500 ml	12 Un.
Ref. <b>5011-6020</b>	Colourless	Satin	500 ml	12 Un.
Ref. <b>5011-6019</b>	Colourless	Matt	500 ml	12 Un.

Monocomponent acrylic clear coat spray with a new formula. Last generation product. General use for two layers based-water or solvent paints process.

High quality resin that guarantees a high level repair.

Gloss, satin or matt finish.

### IONISEUR WB

Ref. 5009-1190	Bottle	1 l	14 Un.
Ref. 5009-1189	Cylinder	5 l	4 Un.

Thinner for water-based paint. It is a solution ionised with magnetic charges so that when in contact with paint, positive charges are transferred to the mixture, obtaining a higher paint transfer to the surface being painted. Considerably reduces drying time and prevents stains and streaks from appearing. Compatible with all water-based systems that admit thinning.

### QUICK HYDROCLEANER • Water-Based Degreaser

Ref. 5009-1194	Cylinder	5 l	4 Un.
----------------	----------	-----	-------

Water-based cleansing degreasers for cleaning the surface before painting with hydrosoluble products. It is recommended to use together with *Hitex 4000*.

### THINNER UNIVERSAL CARS

Ref. 5009-1018	Slow	Tin	1 l	12 Un.
Ref. 5009-1016	Slow	Tin	5 l	4 Un.
Ref. 5009-1019	Standard	Tin	1 l	12 Un.
Ref. 5009-1020	Standard	Tin	5 l	4 Un.

Acrylic thinner for paints, clear coat and acrylic fillers.

### ACCELERATOR FOR ACRYLICS

Ref. 5009-1155	Colourless	Tin	1000 ml	12 Un.
----------------	------------	-----	---------	--------

Accelerating additive for paints, fillers and primers. Reduces drying time.

### DEGREASER CARS

Ref. 5009-1144	9410 Slow	Tin	1 l	12 Un.
Ref. 5009-1145	9410 Slow	Tin	5 l	4 Un.
Ref. 5009-1033	0467 Fast	Tin	1 l	12 Un.
Ref. 5009-1025	0467 Fast	Tin	5 l	4 Un.

Degreaser with intense cleansing power. Removes wax and silicone surplus.

### CRS-PRO CLEAR 2011 GUN

Ref. <b>1001-7105</b>	Gun	1,3 mm	1 Un.
Ref. <b>1002-7119</b>	Cup PVC	0,6 l	1 Un.
Ref. <b>1002-7101</b>	Projection kit	1,3 mm	1 Un.

Technology	L.V.M.P. (R.P.)
Air consumption	280 l/m
Working pressure	2,5 bar
Air entry	¼
Deposit capacity	600 ml
Transfer rate	65%
Opening width	1,3 mm

### LVLP CRS-007X BASE PAINT GUN

Ref. <b>1001-7101</b>	Gun	1,3 mm	1 Un.
Ref. <b>1002-7107</b>	Cup PVC	0,6 l	1 Un.
Ref. <b>1002-7104</b>	Projection kit	1,3 mm	1 Un.
Ref. <b>1002-7105</b>	Projection kit	1,4 mm	1 Un.

Technology	L.V.L.P
Air consumption	255 l/m
Working pressure	1,8 bar
Air entry	¼
Deposit capacity	600 ml
Transfer rate	70%
Opening width	1,3 mm

### CRS-W400 FILLER AND PUTTY GUN

Ref. <b>1001-7100</b>	Gun	1,8 mm	1 Un.
Ref. <b>1002-7108</b>	Cup PVC	0,6 l	1 Un.
Ref. <b>1002-7106</b>	Projection kit	1,8 mm	1 Un.
Ref. <b>1002-7111</b>	Projection kit	2,0 mm	1 Un.
Ref. <b>1002-7112</b>	Projection kit	2,5 mm	1 Un.

Technology	L.V.M.P. (R.P.)
Air consumption	270 l/m
Working pressure	3,0 bar
Air entry	¼
Deposit capacity	600 ml
Transfer rate	60%
Opening width	1,8 mm / Filler
Opening width	2,5 mm / Polyester mastic

### MINI TOUCH UP GUN

Ref. <b>1001-7103</b>	CRS-ST3000	0,8 mm	1 Un.
Ref. <b>1001-7104</b>	LM3000	1,0 mm	1 Un.
Ref. <b>1002-7109</b>	Non-drip PVC cup	250 ml	1 Un.
Ref. <b>1002-7110</b>	Projection kit	0,8 mm	1 Un.
Ref. <b>1002-7103</b>	Projection kit	1,0 mm	1 Un.

Technology	H.V.L.P. (CRS-ST3000) and L.V.M.P (LM3000)
Air consumption	110 l/m
Working pressure	2,0 bar
Air entry	¼
Deposit capacity	250 ml
Transfer rate	70%
Opening width	0,8 mm (CRS-ST3000)
Opening width	1,0 mm (LM3000)

## PRESSURISED PULVERISER

Ref. 2004-0002	Spray bottle	1 l	5 Un.
----------------	--------------	-----	-------

Pressurised pulveriser with a safety valve and gaskets that resist different chemical products, including acids, solvents and alkalines. Fan-shaped spraying head that can be tilted vertically as well as horizontally. Maximum application pressure allowed by the valve: 2 bar (58 psi).

## DUST REMOVAL NEEDLES

Ref. 2004-1240	Set 6 needles	1 Set
Ref. 2004-1770	Kit 10 needles + pen	1 Kit

Stand-alone, flexible steel needles with a microscopic tip for removing dust particles, hairs, insects or other objects that might stick to fresh paint.

## AIR REGULATOR CRS

Ref. 1002-7102	1 Un.
----------------	-------

Analog air pressure regulator for painting guns. Includes an indicating manometer and a control pad.

## MAGNETIC GUN BRACKET

Ref. 2004-3000	1 Un.
----------------	-------

Magnetic bracket for two gravity guns. Provides a reliable fix on metals.

## Equipment cleaning

## SPRAY GUN CLEANER • Gun Cleaner

Ref. 5012-1000	Cylinder	25 l	1 Un.
Ref. 5012-1001	Cylinder	5 l	4 Un.

Water-based soap for cleaning guns, application equipment and water-based clear coats. Spray directly on paint residue, even dry ones, the soap will dissolve them easily without damaging the equipment.

## SPRAY GUN CLEANER KIT

Ref. 2004-3020	Kit	5 Kits
----------------	-----	--------

Gun cleaner set made of different-sized brushes.

**POLYTEX CRS** • Degreaser Cloth

Ref. 2003-1040	Blue	32 cm x 38 cm	1 Roll	500 Un.
Ref. 2004-0001	Dispenser for paper rolls and polytex			1 Un.

Cleaning and degreasing cloth for painting process. Its structure is composed by inserted polypropylene making the cloth more adaptable and elastic. Excellent absorption. Useful roll of 500 precut 320 x 380 mm cloths.

**HITEX 4000** • Non-woven Degreasing Cloth

Ref. 2003-1050	Blue	38 cm x 30 cm	1 Dispenser box	150 Un.
----------------	------	---------------	-----------------	---------

Degreasing cloth made of a non-woven fabric. Especially resistant to thinners, degreasers and anti-silicone products. Strong absorption power and resistance.

**TACK RAG SPECIAL WATER-BASED PAINT** • Anti-Dust Cloth

Ref. 2003-2550	Blue	32 cm x 60 cm	6 Boxes	Box of 50 Un.
----------------	------	---------------	---------	---------------

Anti-dust cloth for cleaning surfaces to be painted with water-based paint. Does not leave resin. Porous fabric designed to trap dust. Comes in individual bags.

**TACK RAG** • Anti-Dust Cloth

Ref. 2003-1030	White	50 cm x 75 cm	6 Boxes	Box of 50 Un.
----------------	-------	---------------	---------	---------------

White anti-dust cloth. Does not leave resin nor fibre marks. Comes in individual bags.

# Paint Preparation System

## MIXING CUPS & LIDS

Ref. <b>2012-1420</b>	Cup	385 ml	200 Un.
Ref. <b>2012-1440</b>	Cup	750 ml	200 Un.
Ref. <b>2012-1500</b>	Cup	1400 ml	200 Un.
Ref. <b>2012-1520</b>	Cup	2300 ml	100 Un.
Ref. <b>2012-1430</b>	Lid	385 ml	200 Un.
Ref. <b>2012-1450</b>	Lid	750 ml	200 Un.
Ref. <b>2012-1510</b>	Lid	1400 ml	200 Un.
Ref. <b>2012-1530</b>	Lid	2300 ml	200 Un.

Disposable mixing cups for precise preparation of all types of paint. Air-tight seal. Scale from 1:1 to 5:1.

## PAINT PLASTIC CUP AND LID

Ref. <b>2012-1421</b>	Cup + Lid	0,5 l	100 Un.
Ref. <b>2012-1422</b>	Cup + Lid	1 l	100 Un.
Ref. <b>2012-1423</b>	Cup + Lid	1,8 l	100 Un.

Opaque cup for preparing paint according to weight, and for conserving it. Light resistant.

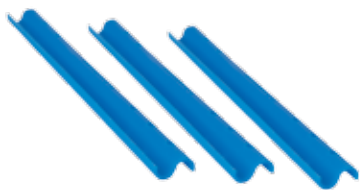

7

## PAPER MIXING CUP

Ref. <b>2012-2390</b>	Cup	600 ml	200 Un.
-----------------------	-----	--------	---------

Disposable paper mixing cup.

### DISPOSABLE MIXING STIRRERS CRS

Ref. <b>2012-1333</b>	20 cm	4 Boxes	Box of 500 Un.
-----------------------	-------	---------	----------------

Disposable mixing sticks for paint.

### PAPER PAINT STRAINERS

Ref. <b>2006-70103</b>	190 Microns	1 Box	1000 Un.
Ref. <b>2006-70104</b>	125 Microns	1 Box	1000 Un.

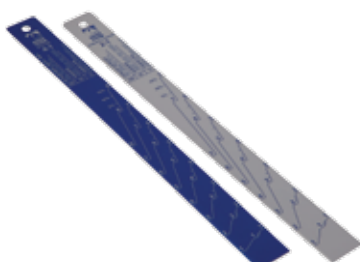

Disposable paper strainers for paint, with a nylon mesh.

### PLASTIC PAINT STRAINERS

Ref. <b>2006-2590</b>	Mesh 2000	Water-based paints	25 Un.
Ref. <b>2006-1060</b>	Mesh 5000	-	25 Un.
Ref. <b>2006-1070</b>	Mesh 10000	-	25 Un.

Washable and reusable plastic strainers for paint, with a nylon mesh.

### MIXING RULER CRS

Ref. <b>2012-1334</b>	5 Un.
-----------------------	-------

Mixing ruler for *HS Filler 4:1* and *Star Lack LVC 2:1*.

### MICROBRUSH REGULAR BLUE • Disposable Brushes

Ref. <b>1008-2000</b>	Dispenser of 100 units	4 Boxes
-----------------------	------------------------	---------

Disposable brushes with a flexible tip for precision retouching work. Securely capped to guarantee hygiene.

### MINI BOTTLE FOR PAINT SAMPLE

Ref. <b>2004-7025</b>	Bottle with paint brush	60 ml	1 Box	50 Un.
-----------------------	-------------------------	-------	-------	--------

Bottle for paint samples: 60 ml.

### OX-EAR HAIR PAINT BRUSHES

Ref. <b>2004-4040</b>	Paint brush nº 0	12 Un.
Ref. <b>2004-4050</b>	Paint brush nº 1	12 Un.
Ref. <b>2004-4060</b>	Paint brush nº 2	12 Un.
Ref. <b>2004-4070</b>	Paint brush nº 4	12 Un.
Ref. <b>2004-4080</b>	Paint brush nº 6	12 Un.
Ref. <b>2004-4090</b>	Paint brush nº 8	12 Un.
Ref. <b>2004-5000</b>	Paint brush nº 10	12 Un.
Ref. <b>2004-5010</b>	Paint brush nº 12	12 Un.
Ref. <b>2004-5020</b>	Paint brush nº 14	12 Un.

Paint brushes for retouching. Available in different sizes.

### GRAVITY FILTER

Ref. <b>2006-1050</b>	1 Box	12 Un.
-----------------------	-------	--------

Filter for paint gravity gun.

### UNIVERSAL SUCTION FILTER

Ref. <b>2006-1040</b>	Medium filter	12 Un.
Ref. <b>2006-2200</b>	Large filter	12 Un.

Filter for universal suction gun.

### METALIC SUCTION FILTER

Ref. <b>2006-2290</b>	1 Box	12 Un.
-----------------------	-------	--------

Metallic suction filter.

### PLATES FOR PAINT SAMPLES

Ref. <b>2004-1690</b>	1 Bag	200 Un.
-----------------------	-------	---------

Metallic plate (105 mm x 150 mm) with a black middle band for paint samples.

®

# CAR REPAIR SYSTEM

# Compounding Repair / Vehicle Polishing, Buffering and Protection

## DIAMOND 1500

Ref. 5010-0001	1 Kg	1 Box	6 Un.
----------------	------	-------	-------

Fast cut polishing compound especially indicated for new generation clear coats and finishes. Used with the Diamond 1500 pad, its chemical property as emulsion permits to obtain a perfect cut and high gloss finish in one step. Removes easily any sanding marks from grit 1500. Provides a deep brightness.

## DIAMOND 1500 WOOL PAD

Ref. 2004-0101	Blue	1 Box	12 Un.
----------------	------	-------	--------

Blue wool pad to be used with Diamond 1500 polishing compound. Medium density fiber to remove rapidly any sanding marks from grit 1500 providing a high gloss level.

## QUARTZ 2500

Ref. 5010-0002	1 Kg	1 Box	6 Un.
----------------	------	-------	-------

Medium cut polishing compound indicated to restore paints losing their original gloss, not completely cured clear coats or to remove sanding marks from grit 2500. Recommended to be used with the Quartz 2500 pad for a professional result.

## QUARTZ 2500 FOAM PAD

Ref. 2004-0102	Yellow	1 Box	12 Un.
----------------	--------	-------	--------

Medium density foam polishing pad. Its innovating polishing surface, in striated relief, retains the emulsion inside the surface to avoid any splashing or loss of product. This special striated surface reduces the formation of holograms as preventing the same pattern to be drawn twice.

## CRYSTAL 4000

Ref. 5010-0003	1 l	1 Box	6 Un.
----------------	-----	-------	-------

High gloss polishing compound providing a lasting finish with any car body polishing process. Application by hand or machine. Recommended to be used with the Crystal 4000 pad.

## CRYSTAL 4000 FOAM PAD

Ref. 2004-0103	Black	1 Box	12 Un.
----------------	-------	-------	--------

Low density foam polishing pad. Its innovating polishing surface, in striated relief, retains the emulsion inside the surface to avoid any splashing or loss of product. This special striated surface reduces the formation of holograms as preventing the same pattern to be drawn twice.

## ECLIPSE

Ref. 5010-0004	1 l	1 Box	6 Un.
----------------	-----	-------	-------

Perfumed protective wax that seals and protects recent polished or painted surfaces. Seals the surface avoiding dust, water or any other contaminants deposit that could prematurely wear out the gloss. Can be used on the whole car body, glasses, painted plastics. Recommended to be applied by hand with our Yellow Microfibre Cloth CRS.

### QUICK POLISH MOON • Protective Wax

Ref. 5010-1124	Sprayer	1 l	16 Un.
Ref. 5010-1046	Cylinder	5 l	6 Un.

Polish spray for fresh or just-polished paints. Gets rid of polish residues while providing long-lasting protection, so producing a thorough and long-lasting wet-look effect. It is recommended to apply by hand with a microfibre cloth.

### CLEAR CAR MATT

Ref. 5009-1304	Cylinder	5 l	2 Kits
----------------	----------	-----	--------

Liquid soap for matt finish surfaces. Does not foam. Apply manually using a microfibre glove. Kit composed by a 5 l cylinder of *Clear Car Matt*, the applying spray and the special glove.

### MATT PROTECT KIT

Ref. 5009-1305	Kit	1 Un.
----------------	-----	-------

Two-component nanometric system for matt finish paint protection. Creates an invisible protective film on the surface, avoiding a progressive waste of matt clear coats.

### CARS MEDIUM POLISHING PAD

Ref. 2004-0104	Beige	6,5"	6 Un.
----------------	-------	------	-------

Medium hardness foam polishing pad. Its innovating polishing surface, in striated relief, retains the emulsion inside the surface to avoid any splashing or loss of product. This special striated surface reduces the formation of holograms as preventing the same pattern to be drawn twice.

### CARS POLISHING PAD

Ref. 2004-7000	White	6"	12 Un.
----------------	-------	----	--------

White polishing pad. *Hook & Loop* system.

### CARS BUFFING PAD

Ref. 2004-7001	Black	6"	12 Un.
----------------	-------	----	--------

Black buffing pad. *Hook & Loop* system.

### CARS POLISHER PLATE

Ref. 2004-7002	Black	14 mm	6"	12 Un.
----------------	-------	-------	----	--------

Place to be used with polishing and buffing sponges. *Hook & Loop* system.

### ELECTRIC POLISHER CRS DS13-1 1200 W

Ref. 1014-5020	1 Un.
----------------	-------

Electric polisher for general polishing and buffering works. Plate included.

Voltage	V	220/240
Power	W	1200
Speed	rpm	600/3000
Weight	g	2100
Cable length	m	6

## CRS DECONTAMINATION MITT

Ref. 8010-0001	1 Un.
----------------	-------

One side, microfiber mitt and the other side, rubber mitt coated with high technology polymer for eliminating contaminants during the car wash. Suitable for eliminating contaminants before painting, polishing or waxing.

## MICROFIBRE CLOTH

Ref. 2003-7029	Yellow	40 cm x 40 cm	1 Box	10 Un.
----------------	--------	---------------	-------	--------

Microfibre cloth with multiple uses: cleaning, polishing and absorption. Seams are protected so as not to leave streaks. Useful for manual application of polishes. It is the most recommended option for final cleaning of polished surfaces. Washable and long lasting.

## SOFTEX • Polishing and Buffering Cloth

Ref. 2003-1010	White Roll	28 cm x 40 cm	1 Box	250 Un.
----------------	------------	---------------	-------	---------

Special non-woven cloth for polishing and buffering. Strong absorption power and very soft. Does not leave dust. Antistatic.

## CELLULOSE SPONGE

Ref. 2004-2770	135 mm x 30 mm x 95 mm	10 Un.
----------------	------------------------	--------

Sponge manufactured from vegetable extracts. 100 % biodegradable.

## JUMBO SPONGE

Ref. 2004-2760	215 mm x 65 mm x 120 mm	10 Un.
----------------	-------------------------	--------

Strongly absorbent and long-lasting nylon sponge.

## SMART REPAIR KIT

Ref. <b>1007-5001</b>	Kit	-	1 Un.
Ref. <b>9004-1072</b>	Plate	30 mm	1 Un.
Ref. <b>9004-1071</b>	Plate	75 mm	1 Un.

Kit for mending minor imperfections and small express repairs.

Contains:

- Mini sanding machine – pneumatic polishing machine

Length	109 mm x 47 mm
Weight	340 g
Orbit	3 mm
Plates	75 and 35 mm/ M6
Maximum Speed	16500 rpm
Air Consumption	368 l/m
Entry thread diameter	¼

- 30 mm plate
- 75 mm plate
- Smart Repair *Compounding Foam 3"*
- Smart Repair *Polishing Foam 3"*
- Air regulator
- Spare plate
- Dismantling spanner key set
- Disques F1 Blue Line 75 mm (P1200, 1500, 2500 and 3000). Samples.
- Disques F1 Blue Line 35 mm (P1500, 2500 and 3000). Samples.

## PAINT RUN REMOVER

Ref. <b>2004-85840</b>	1 Un.
------------------------	-------

Entirely redesigned blade made of a special material, used to cut off and remove drops, runs and specks from painted surfaces.

## PAD CLEANER TOOL

Ref. <b>2004-7089</b>	1 Un.
-----------------------	-------

Tool for cleaning woollen polishing pads.

## HYDRA FLEXI BLADE • Surface Drying Tool

Ref. <b>2004-2670</b>	1 Un.
-----------------------	-------

Specific tool for drying all types of surfaces. Save time in auto drying thanks to its flexible silicone blade that adapts to any surface.

## LEATHER CARE

Ref. 8010-0002	Sprayer	250 ml	1 Box	6 Un.
----------------	---------	--------	-------	-------

Moisturizing cream suitable for natural leather or synthetic vinyl. Deeply nourishes the dry and dehydrated leather to be restored to its original appearance.

## LEATHER CLEANER

Ref. 8010-0003	Tube	75 ml	1 Box	12 Un.
----------------	------	-------	-------	--------

Active cleaner for aged or damaged leather. Removes dirt buildup and slightly polishes the worn surface. Must be used with *Leather Care* for surface rehydrating and to complete the treatment.

## PLASTIC CARE

Ref. 8010-0004	Sprayer	250 ml	1 Box	12 Un.
----------------	---------	--------	-------	--------

Regenerating compound for any plastic surface. Nourishes and renews the aged plastics.

## PLASTIC CLEANER

Ref. 8010-0005	Tube	75 ml	1 Box	12 Un.
----------------	------	-------	-------	--------

Plastic cleaner especially indicated for interior plastic surfaces. Removes dirt buildup and glass enhancer rests having formed with time a superficial film, which avoids the inside of the car to keep a clean appearance.

## METAL POLISH LIQUID

Ref. <b>8010-0006</b>	Bottle	250 ml	1 Box	12 Un.
-----------------------	--------	--------	-------	--------

Liquid polishing compound for cleaning and removing dirt and pollutants over metallic or stainless surfaces.

## GLASS CLEANER EXTRA STRONG

Ref. <b>8010-0007</b>	Sprayer	500 ml	1 Box	12 Un.
-----------------------	---------	--------	-------	--------

Liquid cleaning and descaling compound for glass. Easily removes resins and insects remainders.

## WHEEL CLEANER EXTRA STRONG

Ref. <b>8010-0008</b>	Sprayer	500 ml	1 Box	12 Un.
-----------------------	---------	--------	-------	--------

Detergent to remove brake pads residues, oils and others pollutants from the rims and car underside. High descaling formula.

## TIRE SHINE

Ref. <b>8010-0009</b>	Sprayer	250 ml	1 Box	12 Un.
-----------------------	---------	--------	-------	--------

Tire shine that gives a long lasting shine without grease buildup.

## INSECT REMOVER EXTRA STRONG

Ref. <b>8010-0010</b>	Sprayer	500 ml	1 Box	12 Un.
-----------------------	---------	--------	-------	--------

Detergent to eliminate insect remainders, resins and other pollutants from car bodywork. High descaling formula.

## REQUIRED COMPLEMENTS FOR ITS APPLICATION:

### CRS DECONTAMINATION MITT

Ref. 8010-0001	1 Un.
----------------	-------

### MICROFIBRE CLOTH

Ref. 2003-7029	Yellow	40 cm x 40 cm	1 Box	10 Un.
----------------	--------	---------------	-------	--------

### SOFTEX • Polishing and Buffering Cloth

Ref. 2003-1010	White Roll	28 cm x 40 cm	1 Box	250 Un.
----------------	------------	---------------	-------	---------

### HYDRA FLEXI BLADE • Surface Drying Tool

Ref. 2004-2670	1 Un.
----------------	-------

# Masking System & Protection

## PLASTIC FILM WITH MASKING TAPE

Ref. <b>2001-3525</b>	35 cm x 25 m	20 Un.	Ref. <b>2001-1330</b>	35 cm x 25 y	20 Un.
Ref. <b>2001-6025</b>	60 cm x 25 m	20 Un.	Ref. <b>2001-1340</b>	60 cm x 25 y	20 Un.
Ref. <b>2001-2580</b>	90 cm x 25 m	20 Un.	Ref. <b>2001-1350</b>	90 cm x 25 y	20 Un.
Ref. <b>2001-12025</b>	120 cm x 25 m	20 Un.	Ref. <b>2001-1360</b>	120 cm x 25 y	20 Un.
Ref. <b>2001-18025</b>	180 cm x 25 m	20 Un.	Ref. <b>2001-1370</b>	180 cm x 25 y	20 Un.

Plastic film with double protection. Inside sticks electrostatically to the surface to protect. Resists temperatures of up to 120°C. Designed for painting with any paint system.

Waterproof 25 mm masking tape that does not leave glue residue.

## MASKING FILM OF 4 M

Ref. <b>2001-1581</b>	400 cm x 300 m	10 microns	-	20 Un.
Ref. <b>2001-1582</b>	400 cm x 150 m	10 microns	-	20 Un.
Ref. <b>2001-1583</b>	400 cm x 150 m	24 microns	High Temperature (HT) 200°C	20 Un.

Plastic film (10 and 24-microns format) for quick masking of car bodywork. The outside has been treated with special products so as to guarantee paint spray adhesion. The inside sticks electrostatically to the car body. The outside has the brand's name printed on so as to allow for correct laying.

## MAGNETIC STAND FOR FILM

Ref. <b>2004-1184</b>	1 Un.
-----------------------	-------

Magnetic stand to place directly a film roll over the painting cabin walls. Shorten the space and the work time. For film from 150 to 300 metres.

## MASKING FILM DISPENSER

Ref. <b>2004-1186</b>	1 Un.
-----------------------	-------

Mobile dispenser for film rolls. Easily transportable and highly durable.

## CUTTING PLASTIC "POLYCUT" BLADE

Ref. <b>2004-4010</b>	10 Un.
-----------------------	--------

Blade designed especially for precise cutting of masking plastic film.

## PERFECT FOAM "T"

Ref. 2001-2440	25 m	1 Un.
----------------	------	-------

Auto-adhesive masking foam tape in the shape of a "T". The middle of its basis is composed by an adhesive part resisting to drying temperatures of infrared dryers, endothermic panels or air heating. Both sides of the "T" are lightly elevated to obtain an homogeneous and invisible spray application. Ideal for areas with small spaces.

## TRIANGULAR MASKING FOAM TAPE

Ref. 2001-2450	50 m	1 Un.
----------------	------	-------

Adhesiveless foam tape in the shape of a triangle and indicated to avoid the fillers spraying to pass through the panels gaps such as doors gaps, hoods, car boots... To apply it easily, place it into the gaps and just pressure on it with no need of opening the doors. The few remaining spray mist would be easily removed during the sanding process.

## 2 IN 1 MASKING FOAM TAPE

Ref. 2001-2480	35 mm x 28 m	10 Un.
----------------	--------------	--------

Double function foam tape that allows a unique application for a two step process. Composed by an outer perforated part and another inner adhesive one. During a wet on wet application, the external part avoids particles build up in the gaps between panels.

The outer piece has to be removed before applying the paint; the inner adhesive piece could then be used as a standard masking foam tape.

## PRIME PROTECT MASKING FOAM TAPE

Ref. 2001-2490	22 mm x 35 m	10 Un.
----------------	--------------	--------

Oval adhesiveless foam tape composed of two different sizes parts, to use according the working process. Specifically indicated for outer application when there is a need to open doors, hoods or boots. Introduce between the vehicle gaps with the door closed and put a slight pressure on it. Fast and efficient working process.

## AUTOADHESIVE MASKING FOAM TAPE

Ref. 2001-2460	13 mm x 50 m	1 Un.
Ref. 2001-2470	18 mm x 40 m	1 Un.

Auto-adhesive masking foam tape made of polyester foam with a 28 kg/m<sup>3</sup> density, for masking doors, boots, bonnets or any other openings.

## KRAFT MASKING PAPER

Ref. <b>2001-1860</b>	40 g	45 cm x 400 m	1 Un.
Ref. <b>2001-1870</b>	40 g	60 cm x 400 m	1 Un.
Ref. <b>2001-1880</b>	40 g	90 cm x 400 m	1 Un.
Ref. <b>2001-1890</b>	40 g	120 cm x 400 m	1 Un.

Masking paper. Treated so as not to let paint or clear coat pass through. Each measure comes in an individual bag.

Weight: 40 g/m<sup>2</sup>.

## MASKING TAPE

Ref. <b>2002-1730</b>	18 mm x 45 m	Box of 96 Un.
Ref. <b>2002-1740</b>	24 mm x 45 m	Box of 72 Un.
Ref. <b>2002-1750</b>	36 mm x 45 m	Box of 48 Un.
Ref. <b>2002-1760</b>	48 mm x 45 m	Box of 36 Un.

Professional tape for vehicle masking. Resists up to 80°C for 30 minutes. Does not leave glue residue.

## "TOP" MASKING TAPE

Ref. <b>2002-7020</b>	18 mm x 45 m	Box of 48 Un.
Ref. <b>2002-7021</b>	24 mm x 45 m	Box of 36 Un.
Ref. <b>2002-7022</b>	36 mm x 45 m	Box of 24 Un.
Ref. <b>2002-7023</b>	48 mm x 45 m	Box of 24 Un.

Professional tape for vehicle masking. Resists up to 100°C for 30 minutes. Does not leave glue residue.

## EU ORANGE MASKING TAPE

Ref. <b>2002-1000</b>	19 mm x 50 m	Box of 48 Un.
Ref. <b>2002-0012</b>	50 mm x 50 m	Box of 16 Un.

High performance tape for vehicle masking. Strong adhesion on metal, glass, plastic and rubber. Resists UV rays. Does not leave glue residue, even after a 6-month application period. Resists up to 100°C for 30 minutes.

### PRE-CUT LIFTING TAPE

Ref. <b>2002-3071</b>	10 mm x 10 m	12 Un.
Ref. <b>2002-3072</b>	15 mm x 10 m	12 Un.
Ref. <b>2001-1570</b>	20 mm x 10 m	10 Un.

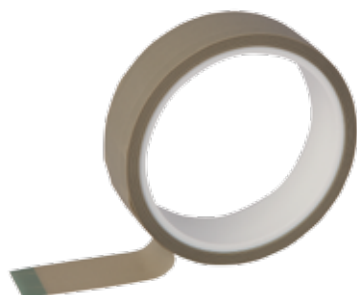

Plastic strip on auto-adhesive tape for masking new windscreens and windowpanes. Pre-cut and very flexible for easy masking of curves.

### LIFTING TAPE

Ref. <b>2002-11921</b>	3 mm x 66 m	10 Un.
Ref. <b>2002-11922</b>	6 mm x 66 m	10 Un.
Ref. <b>2002-11923</b>	9 mm x 66 m	10 Un.
Ref. <b>2002-11924</b>	12 mm x 66 m	10 Un.
Ref. <b>2002-11925</b>	19 mm x 66 m	10 Un.
Ref. <b>2002-11970</b>	25 mm x 55 m	10 Un.

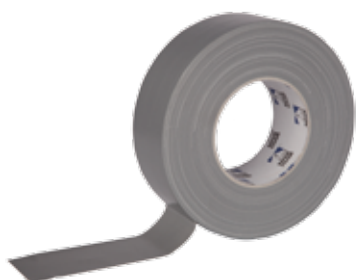

Outlining tape for vehicle masking. Does not crumple nor fold up at corners. Follows curves perfectly and adapts to any shape. Little paint accumulation.

### STRIPPING TAPE

Ref. <b>2002-3080</b>	25 mm x 14 m	10 Un.
-----------------------	--------------	--------

Special outlining tape for vehicle masking. It comes with pre-cut, 1-mm bands so as to obtain multiple combinations. Very flexible. Any shape easily covered. Little paint accumulation.

### ALU TAPE

Ref. <b>2002-1990</b>	50 mm x 50 m	18 Un.
-----------------------	--------------	--------

Silver, woven tape, covered by a protective film with strong adhesion power. Waterproof and abrasive-resistant.

## TEXTURED ADHESIVE PLASTIC

Ref. <b>2001-1585</b>	Roll	150 mm x 5 m	1 Un.
-----------------------	------	--------------	-------

Auto-adhesive tape with a textured finish that imitates original finish on some model door frames. Easy to apply.

## DOUBLE-SIDED TAPE

Ref. <b>2002-1780</b>	6 mm x 10 m	10 Un.
Ref. <b>2002-0910</b>	9 mm x 10 m	10 Un.
Ref. <b>2002-1210</b>	12 mm x 10 m	10 Un.
Ref. <b>2002-1910</b>	19 mm x 10 m	10 Un.
Ref. <b>2002-2510</b>	25 mm x 10 m	10 Un.

Double-sided adhesive tape recommended for fixing moulds, emblems and accessories.

## DOUBLE-SIDED ACRYLIC TAPE

Ref. <b>2002-5006</b>	9 mm x 10 m	10 Un.
Ref. <b>2002-5007</b>	12 mm x 10 m	10 Un.
Ref. <b>2002-5008</b>	19 mm x 10 m	10 Un.

Double-sided adhesive tape recommended for fixing moulds, emblems and accessories. Resists high temperatures. Strong adhesion on metal, glass and most plastics.

## DOOR SKIN PLASTIC SHEET

Ref. <b>2001-1470</b>	Roll	1 Un.	50 sheets
-----------------------	------	-------	-----------

Pre-cut plastic sheet for protecting interior door panels so as to obtain an original finish. Protects against humidity and soundproofs the vehicle.

The roll is pre-cut into 50 sheets of 700 mm x 1 m.

### DOOR SKIN REPLACEMENT FILM

Ref. <b>2001-1480</b>	Roll	650 mm x 50 m	1 Un.
-----------------------	------	---------------	-------

Pre-cut adhesive plastic sheet for protecting interior door panels so as to obtain an original finish when repaired. Protects against humidity and soundproofs the vehicle.

### DOOR SKIN REPLACEMENT FOAM

Ref. <b>2001-1490</b>	Roll	600 mm x 10 m	1 Un.
-----------------------	------	---------------	-------

Auto-adhesive foam for protecting interior door panels so as to obtain an original finish when repaired. Protects against humidity and soundproofs the vehicle.

### WHEEL COVER-PP

Ref. <b>2001-2370</b>	10 Packs	Pack of 4 Un.
-----------------------	----------	---------------

Reusable wheel cover. Resistant fabric. One size fits all.

### WHEEL COVER-PLASTIC

Ref. <b>2001-1410</b>	1 Roll	250 Un.
-----------------------	--------	---------

Disposable wheel cover made of transparent plastic.

## SEAT COVER

Ref. <b>2011-1394</b>	820 mm x 1350 mm	1 Roll	500 Un.
-----------------------	------------------	--------	---------

Seat cover with a non-slip inside and a non-sticky outside.  
High resistance to tearing. 13 microns.

## STEERING WHEEL COVER

Ref. <b>2011-1392</b>	490 mm x 150 mm	1 Roll	500 Un.
-----------------------	-----------------	--------	---------

Disposable 13-micron rug for protecting rugs and carpets during repair.

## PAPER PROTECTING CARPET

Ref. <b>2011-1395</b>	400 mm x 550 mm	1 Roll	500 Un.
-----------------------	-----------------	--------	---------

Disposable 13-micron rug for protecting rugs and carpets during repair.

## WHEEL RIM PROTECTOR FOR PAINTING

Ref. <b>2011-1397</b>	140 cm x 140 cm	1 Pack	Pack of 8 Un.
-----------------------	-----------------	--------	---------------

Tyre protector for wheel rim painting. This new solution allows for tyre masking without having to dismantle the entire wheel. The wheel needs deflating slightly, then the opening edge of the cover can be fixed under the wheel rim, then the cover can be adjusted to the whole tyre. There is no need for masking tape nor paper, so reducing masking process from 15 minutes to just 2! Thanks to its ecopolimeric nature, the cover is very flexible and adapts to all types of tyres, including those of trucks and buses. 20 microns.

## PLASTIC CAR COVER

Ref. <b>2011-1396</b>	6,3 m x 4 m	1 Roll	25 Un.
-----------------------	-------------	--------	--------

Pre-cut covers dispensed in a roll, for vehicle protection.

# Personal Protection Equipment

### **MASK SUPERONE 3203 (5185) FFP1** • Valve-free Anti-Dust Mask

Ref. <b>2015-1001</b>	30 Un.
-----------------------	--------

Disposable hard mask. Filtration capacity FFP1.

### **MASK SUPERONE 3206 (5211) FFP2** • Anti-Dust Mask with Valve

Ref. <b>2015-1000</b>	20 Un.
-----------------------	--------

Disposable hard mask with a valve and adjustable nose seal. Filtration capacity FFP2.

### **MASK CLASSIC CRS (5209) FFP2** • Anti-Dust Mask with Valve

Ref. <b>2015-1002</b>	12 Un.
-----------------------	--------

Disposable mask with a valve and adjustable nose seal. Filtration capacity FFP2.

### **MASK CLASSIC CRS (5110) FFP2** • Valve-free Anti-Dust Mask

Ref. <b>2015-1003</b>	20 Un.
-----------------------	--------

Disposable valve-free mask with an adjustable nose seal. Filtration capacity FFP2.

### **FOLDED MASK CRS (4211) FFP2** • Anti-Dust Mask with Valve

Ref. <b>2015-1004</b>	12 Un.
-----------------------	--------

Disposable folded mask with a valve and adjustable nose seal. Filtration capacity FFP2.

### MOLDEX COMPACT MASK

Ref. 2015-1006	5230 FFA2P3	-	1 Un.
Ref. 2015-1005	5120 FFA1P2RD	-	1 Un.
Ref. 2015-1007	Pre-filter 5991	1 Pack	10 Un.

Light and comfortable mask. Others personal protection equipments may be worn: solder mask, glasses, etc. The exhalation valve has big openings to optimize the air circulation. Better visibility and perfect respiratory protection thanks to an horizontal lining up of the filters.

### MASK 5251 • Mask for Protection against Solid Particles

Ref. 4001-5595	20 Un.
----------------	--------

Mask with a valve. Complies with EN 149:2000 standards, filtration capacity FFP2 (D) against welding fumes, organic steams, etc. Edges: boomerang. Nose seal: brown.

### FREEDOM MASK • Mask for Protection against Solid Particles

Ref. 4001-1592	A1P1	1 Un.
Ref. 4001-1591	A2P3	1 Un.

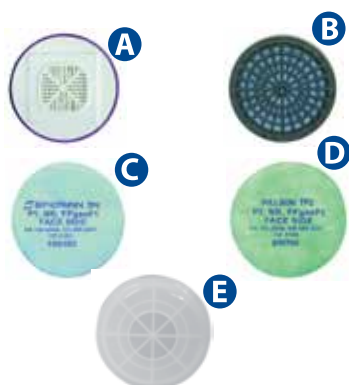

Long-lasting disposable mask. Can be used with graduate or protective eyewear. Available with A1P1/ A2P3 filters.

### VALUAIR PLUS MASK • Mask for Protection against Solid Particles

Ref. 4001-1573	1 Un.
----------------	-------

Mask made of elastomeric rubber to be used with bayonet-mounted filters. Frontal exhalation valve. Can be used with graduate or protective eyewear.

### VALUAIR PLUS FILTER

Ref. 4001-1583	Bayonet-mounted filter / A2P3	(A)	2 Un.
Ref. 4001-1619	Bayonet-mounted filter / A1	(B)	2 Un.
Ref. 4001-2800	Pre-filter P1	(C)	20 Un.
Ref. 4001-2801	Pre-filter P2	(D)	20 Un.
Ref. 4001-1590	Retainer	(E)	20 Un.

**V-MAXX GLASSES** • Protective Goggles

Ref. <b>4002-6193</b>	10 Un.
-----------------------	--------

Indirect vented goggles with a *Fogban*® anti-fog lens and elastic headband. Can be used over prescription eyewear. With small hooks for holding protective film.  
Ocular protection specification: 3-1.2 1 B 349.

**V-MAXX LENS PROTECTIVE FILM**

Ref. <b>4002-6437</b>	Pack	10 Un.
-----------------------	------	--------

Disposable protective lens with a polyester cover to be used on *V-Maxx goggles*.

**FOGBAN BLUE GLASSES** • Protective Glasses

Ref. <b>4002-2783</b>	10 Un.
-----------------------	--------

Protective glasses with a one-piece wraparound polycarbonate lens, coated for resisting superficial damage. Shock-resistant polyamide frame.  
Ocular protection specification: EN 166-F, 3-1.2 D 1 F.

**BLUE COMFORT EARMUFFS**

Ref. <b>4003-5821</b>	1 Un.
-----------------------	-------

Earmuffs with three-position adjustable headband, highly comfortable even over extended periods of use. For moderate sound levels. Can be used while wearing other protective accessories such as masks, face shields or hard hats.  
SNR 26 dB.

**HOOD FOR PAINTER**

Ref. <b>2009-2330</b>	Plastic PP	100 Un.
Ref. <b>2009-2340</b>	TYVEK® white	100 Un.

**SHOES COVER**

Ref. <b>2009-1680</b>	Non woven	100 Un.
Ref. <b>2009-2310</b>	Plastic PP	100 Un.
Ref. <b>2009-2320</b>	TYVEK®	100 Un.

## POLYESTER WHITE COAT

Ref. <b>2009-1005</b>	Size M	1 Un.
Ref. <b>2009-1006</b>	Size L	1 Un.
Ref. <b>2009-1007</b>	Size XL	1 Un.
Ref. <b>2009-1008</b>	Size XXL	1 Un.

Breathable polyester coat with adjustable sleeves and front pocket.

## POLYESTER OVERALL

Ref. <b>2009-10001</b>	Size M	1 Un.
Ref. <b>2009-10002</b>	Size L	1 Un.
Ref. <b>2009-10003</b>	Size XL	1 Un.
Ref. <b>2009-10004</b>	Size XXL	1 Un.

Painter's hooded coverall with elastic at wrists, waist and hood.

## TYVEK PRO-TECH® OVERALL

Ref. <b>2009-0090</b>	Size M	1 Un.
Ref. <b>2009-0100</b>	Size L	1 Un.
Ref. <b>2009-0110</b>	Size XL	1 Un.
Ref. <b>2009-0120</b>	Size XXL	1 Un.

Painter's hooded coverall with elastic at wrists, waist and hood. Complies with EU standards for personal protection gear, category II.

## MUTEXIL® OVERALL

Ref. <b>4005-11433</b>	Size M	1 Un.
Ref. <b>4005-21433</b>	Size L	1 Un.
Ref. <b>4005-31433</b>	Size XL	1 Un.
Ref. <b>4005-41433</b>	Size XXL	1 Un.

Painter's hooded coverall, made of white non-woven polypropylene (30 g/m<sup>2</sup>) material with a waterproof and breathable coating. Antistatic properties on both inside and outside.

**WORKEASY BLACK GLOVES** • Protective Gloves

Ref. <b>2010-2491</b>	Size M	10 Pairs
Ref. <b>2010-2492</b>	Size L	10 Pairs
Ref. <b>2010-2493</b>	Size XL	10 Pairs

Polyester gloves covered on the inside (palm and fingers) by a thin layer of black polyurethane that waterproofs the area and keeps dust and oil from penetrating, allowing full touch. Breathable and elastic.

**PERFECT CUTTING GLOVES** • Protective Gloves

Ref. <b>4004-2244</b>	Size M	10 Pairs
Ref. <b>4004-2245</b>	Size L	10 Pairs
Ref. <b>4004-2246</b>	Size XL	10 Pairs

White knit gloves covered on the inside (palm and finger tips) by a thin layer of polyurethane. Suitable for manipulating sharp pieces in either dry or greasy conditions. Allows full touch. Do not expose to heat: CE EN 420.

**POLY GREY GLOVES** • Protective Gloves

Ref. <b>4004-0250</b>	Size M	10 Pairs
Ref. <b>4004-0251</b>	Size L	10 Pairs
Ref. <b>4004-0252</b>	Size XL	10 Pairs

Lightweight gloves with full touch for handling delicate pieces. Made of grey polyamide. Gauge: 15. Covered on the inside (palm and fingertips) by a thin layer of grey polyurethane.

**CARS NITRILE GLOVES** • Protective Gloves

Ref. <b>2010-2660</b>	Size M	10 Boxes	Box of 100 Un.
Ref. <b>2010-2220</b>	Size L	10 Boxes	Box of 100 Un.
Ref. <b>2010-2670</b>	Size XL	10 Boxes	Box of 100 Un.

Gloves highly resistant to thinner. AQL 1.5.

**CARS LATEX GLOVES** • Protective Gloves

Ref. <b>2010-1711</b>	Size M	10 Boxes	Box of 100 Un.
Ref. <b>2010-1710</b>	Size L	10 Boxes	Box of 100 Un.
Ref. <b>2010-1712</b>	Size XL	10 Boxes	Box of 100 Un.

Single-use latex gloves. AQL 1.5.

**TOP PRO GLOVES** • Reinforced Latex Gloves

Ref. <b>2010-2487</b>	Size M	10 Boxes	Box of 50 Un.
Ref. <b>2010-2488</b>	Size L	10 Boxes	Box of 50 Un.
Ref. <b>2010-2489</b>	Size XL	10 Boxes	Box of 50 Un.

Reinforced elastic latex gloves highly resistant to chemical products, especially cleaning solvents.

Thickness: 13 Microns. Fits either hand.

**NITRILE GLOVES PERFECT FIT** • Protective Gloves

Ref. <b>4004-4831</b>	10 Pairs
-----------------------	----------

Nitrile glove with flockered cotton inside and non-slip finish. Polyvalent chemical resistance.

Thickness: 0,5 mm. CE EN 420.

**NEOPRENE GLOVES PERFECT FIT** • Protective Gloves

Ref. <b>4004-5020</b>	Size L	10 Pairs
Ref. <b>4004-5021</b>	Size XL	10 Pairs

Neoprene gloves with flockered cotton inside and non-slip finish.

Thickness: 0,6 mm. Suitable when handling batteries, as well as certain thinned acids. CE EN 420.

**LATEX GLOVES PERFECT FIT** • Protective Gloves

Ref. <b>4004-4401</b>	10 Pairs
-----------------------	----------

Natural latex gloves with flockered cotton inside, non-slip finish.

Thickness: 0,42 mm. Suitable when handling compound materials and lightweight objects in a wet environment. CE EN 420.

**QUICK HAND CLEANER** • Hand Cleaning Paste

Ref. <b>5013-1154</b>	Bucket	4 kg	4 Un.
-----------------------	--------	------	-------

Hand cleaning paste with great cleansing action for all types of cleaning. Apply a measure of *Quick Hand Cleaner* over wet hands, extend and rinse off with abundant water. Does not contain mineral abrasives. 90 % biodegradable.

Ref. <b>2007-1310</b>	115 mm x 25 m	P500	1 Un.
Ref. <b>2007-6014</b>	115 mm x 25 m	P600	1 Un.
Ref. <b>2007-1320</b>	115 mm x 25 m	P800	1 Un.

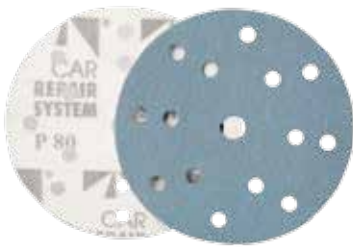

Roll of sandpaper on foam backing.

### F1 GOLD LINE DRY SANDPAPER

Ref. <b>2014-6159</b>	115 mm x 25 m	P40	1 Un.
Ref. <b>2014-6154</b>	115 mm x 25 m	P60	1 Un.
Ref. <b>2014-6155</b>	115 mm x 25 m	P80	1 Un.
Ref. <b>2014-6156</b>	115 mm x 25 m	P120	1 Un.
Ref. <b>2014-6158</b>	115 mm x 25 m	P240	1 Un.

Roll of sandpaper for dry-sanding.

## F1 STAR LINE DISC

Ref. <b>2014-700080</b>	150 mm	P80
Ref. <b>2014-700100</b>	150 mm	P100
Ref. <b>2014-700120</b>	150 mm	P120
Ref. <b>2014-700180</b>	150 mm	P180

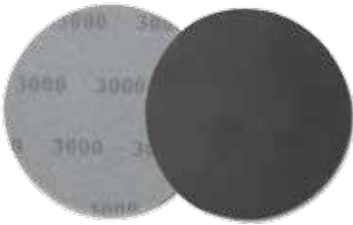

Ref. <b>2014-700220</b>	150 mm	P220
Ref. <b>2014-700280</b>	150 mm	P280
Ref. <b>2014-700320</b>	150 mm	P320

Abrasive disc on latex-covered paper backing. Presents a double layer of bonding resin and aluminium oxide grain of semi-open structure. 15 Holes. Diameter: 150 mm.

Discs are available in 100 units' boxes. Sales unit: 6 boxes.

12

## F1 SKYLON DISC

Ref. <b>2014-6029</b>	150 mm	P500	90 Un.
Ref. <b>2014-6030</b>	150 mm	P1000	90 Un.
Ref. <b>2014-6031</b>	150 mm	P2000	90 Un.
Ref. <b>2014-6032</b>	150 mm	P3000	90 Un.
Ref. <b>2014-6035</b>	150 mm	P4000	90 Un.
Ref. <b>2014-6033</b>	75 mm	P2000	20 Un.
Ref. <b>2014-6034</b>	75 mm	P3000	20 Un.

Porous abrasive disc that allows either dust particles to pass when dry-sanding or water when wet-sanding. Diameter: 150 and 75 mm. No holes.

## DOUBLE-SIDED ABRASIVE SPONGE

Ref. <b>2007-1248</b>	100 mm x 120 mm	Blue	Medium grit	50 Un.
Ref. <b>2007-1249</b>	100 mm x 120 mm	Brown	Fine grit	50 Un.
Ref. <b>2007-1250</b>	100 mm x 120 mm	Green	Superfine grit	50 Un.
Ref. <b>2007-1251</b>	100 mm x 120 mm	Violet	Microfine grit	50 Un.

Very flexible abrasive sponge allowing the sanding on any working area, even on the most difficult ones. Two sides, both recovered by an abrasive surface. Fine and perfect finishing.

## ABRASIVE SPONGE

Ref. <b>2004-1200</b>	115 mm x 140 mm	Fine grit	100 Un.
Ref. <b>2004-1210</b>	115 mm x 140 mm	Superfine grit	100 Un.
Ref. <b>2004-1220</b>	115 mm x 140 mm	Microfine grit	100 Un.
Ref. <b>2004-1240</b>	115 mm x 140 mm	Ultrafine grit	100 Un.

Abrasive sponge for sanding of hard-to-reach areas.

### STAR BRITE SHEET

Ref. <b>2007-1080</b>	150 mm x 250 mm	Grey	Ultrafine	10 Un.
Ref. <b>2007-1090</b>	150 mm x 250 mm	Red	Very fine	10 Un.

Synthetic felt to be used on dry or wet surfaces. Ideal for matting.

### STAR BRITE DISC

Ref. <b>2007-1100</b>	150 mm	Grey	Ultrafine	15 Un.
Ref. <b>2007-1110</b>	150 mm	Red	Very fine	15 Un.

Synthetic felt to be used on dry or wet surfaces. Ideal for matting. Diameter: 150 mm. No holes.

### STAR BRITE ROLL

Ref. <b>2007-1120</b>	150 mm x 10 m	Grey	Ultrafine	1 Un.
Ref. <b>2007-1125</b>	150 mm x 10 m	Red	Very fine	1 Un.
Ref. <b>2007-1280</b>	150 mm x 10 m	Green	General use	1 Un.

Synthetic felt to be used on dry or wet surfaces. Ideal for matting.

### F1 LINE WET PAPER SHEET

Ref. <b>2014-6094</b>	230 mm x 280 mm	P220	100 Un.
Ref. <b>2014-6095</b>	230 mm x 280 mm	P240	100 Un.
Ref. <b>2014-6096</b>	230 mm x 280 mm	P280	100 Un.
Ref. <b>2014-6097</b>	230 mm x 280 mm	P320	100 Un.
Ref. <b>2014-6098</b>	230 mm x 280 mm	P360	100 Un.
Ref. <b>2014-6099</b>	230 mm x 280 mm	P400	100 Un.
Ref. <b>2014-6100</b>	230 mm x 280 mm	P500	100 Un.
Ref. <b>2014-6101</b>	230 mm x 280 mm	P600	100 Un.
Ref. <b>2014-6102</b>	230 mm x 280 mm	P800	100 Un.
Ref. <b>2014-6103</b>	230 mm x 280 mm	P1200	100 Un.
Ref. <b>2014-6104</b>	230 mm x 280 mm	P1500	100 Un.
Ref. <b>2014-6105</b>	230 mm x 280 mm	P2000	100 Un.

Abrasive paper sheet for wet-sanding of paints, clear coats, fillers, etc. Even and uniform sanding.

## MULTI-PAD TWISTER PLATE

Ref. <b>2004-2700</b>	150 mm	6 + 8 + 1 Holes	1 Un.
Ref. <b>2004-7071</b>	150 mm	21 Holes	1 Un.

Rotating pad that gets rid of dust from surfaces and air. Universal system that contains: 2 screws, 5/16" and M8. Diameter: 150 mm. Soft. Velcro system.

## SANDING PLATE

Ref. <b>2004-7099</b>	75 mm	3 Holes	1 Un.
-----------------------	-------	---------	-------

Hard Velcro pad for mini sanding machines of 75-mm diameter.

## SOFT INTERFACE • Sponge Disc

Ref. <b>2004-2560</b>	150 mm	6 Holes	10 Un.
Ref. <b>2004-2570</b>	150 mm	9 Holes	10 Un.
Ref. <b>2004-7024</b>	150 mm	15 Holes	10 Un.
Ref. <b>2004-7022</b>	150 mm	21 Holes	10 Un.

Sponge disc to be placed between the abrasive and the pad. Using it while sanding helps to obtain a finer cut and therefore, a better finish. It is recommended to use fine grains (P220 and above) with such interfaces.

Thickness: 10 mm. Velcro system.

## SOFT INTERFACE 75 MM • Sponge Disc

Ref. <b>2004-2580</b>	75 mm	10 Un.
-----------------------	-------	--------

Sponge disc to be placed between the abrasive and the pad. Using it while sanding helps to obtain a finer cut and therefore, a better finish. It is recommended to use fine grains (P220 and above) with such interfaces. No holes.

Thickness: 10 mm. Velcro system.

## ROTATING ORBITAL SANDER GPS304

Ref. 1013-0020	GPS304	Ø 5 mm	1 Un.
----------------	--------	--------	-------

Pneumatic manual rotating orbital sander with dust removal device to connect to hoovers.

Equipped with an auto-lock system for changing the pad with no need for keys. Work pressure regulator.

Blow hole for blowing air out during work and cleaning after work. Plate: 150 mm. Plate not included.

## ROTATING ORBITAL SANDER GPS305

Ref. 1013-0021	GPS305	Ø 2,5 mm	1 Un.
----------------	--------	----------	-------

Pneumatic manual rotating orbital sander with dust removal device to connect to hoovers.

Equipped with an auto-lock system for changing the pad with no need for keys. Work pressure regulator.

Blow hole for blowing air out during work and cleaning after work. Plate: 150 mm. Plate not included.

## ROTATING ORBITAL SANDER GPS306

Ref. 1013-0023	GPS306	Ø 2,5 mm	1 Un.
----------------	--------	----------	-------

Pneumatic rotating orbital sander for 75-mm pads with an auto-locking system for changing the pad with no need for keys. Plate not included.

## Technical Characteristics

Ref. <b>2014-6079</b>	81 mm x 153 mm	8 Holes	P220	100 Un.

Flexible abrasive belt: high quality output. Velcro system. Artificial corundum abrasive.  
 Bonder: polymerised Phenolic resin. Bonder additive: calcium carbonate. Backing: paper.  
 8 Holes.

### ABRASIVE SHEET F1 GOLD LINE

Ref. <b>2014-6080</b>	115 mm x 230 mm	10 Holes	P80	100 Un.
Ref. <b>2014-6081</b>	115 mm x 230 mm	10 Holes	P120	100 Un.
Ref. <b>2014-6082</b>	115 mm x 230 mm	10 Holes	P150	100 Un.
Ref. <b>2014-6083</b>	115 mm x 230 mm	10 Holes	P180	100 Un.
Ref. <b>2014-6084</b>	115 mm x 230 mm	10 Holes	P220	100 Un.

Flexible abrasive belt: high quality output. Velcro system. Artificial corundum abrasive.  
 Bonder: polymerised Phenolic resin. Bonder additive: calcium carbonate. Backing:  
 paper. 10 Holes.

## SANDING BLOCKS KIT

Ref. <b>2004-1610</b>	1 Kit	Kit of 6 Un.
-----------------------	-------	--------------

Case containing one flat block, two concave blocks and three convex blocks that adapt to each other, making it easy to reach any area.

## SANDING BLOCKS

Ref. <b>2004-1790</b>	Plane	6 Un.
Ref. <b>2004-2350</b>	Concave	6 Un.

Sanding block with Velcro fixing system for discs of 150-mm diameter. Available: plane and concave.

## MINI SANDING BLOCK

Ref. <b>2007-2190</b>	35 mm	1 Pack	Pack of 5 Un.
-----------------------	-------	--------	---------------

Mini sanding block of 35-mm diameter for adhesive discs or Velcro discs.

## RUBBER SANDING BLOCK

Ref. <b>2004-2040</b>	Brown	5 Un.
Ref. <b>2004-2450</b>	Black	5 Un.

Rubber sanding block for wet-sanding.

## NYLON SANDING BLOCK

Ref. <b>2004-2360</b>	1 Un.
-----------------------	-------

Nylon sanding block. Dimensions: 210 mm x 105 mm.

### STRIPPING GEL

Ref. 5015-0001	Tin	1 kg	1 Box	12 Un.
Ref. 5015-0002	Cylinder	5 kg	1 Box	4 Un.

Stripping gel to remove paints, primers, putties and powder coatings.

### SODA BLASTING GUN

Ref. 1001-7102	Gun	1,2l	1 Un.
Ref. 1002-7100	Consumable sodium bicarbonate	5 l	1 Un.

Manual gun with tank designed for paint abrasion, serigraphs and elimination of superficial pollutants on metal. Specially indicated for precision work on very low or heat sensitive metals during the scraping due to the under pressure sandblasting process.

Gun content capacity: 1,2 liters. Consumable: sodium bicarbonate, available in 5 liters bags.

### CARBON FIBRE DISC

Ref. 2013-1140	150 mm	15 Un.
----------------	--------	--------

Fibre disc designed for getting rid of oxide residue, rust, paint, synthetic material, etc. Diameter: 150 mm.

### FIBRE DISC

Ref. 2007-2090	115 mm	Grit 16	25 Un.
Ref. 2007-2100	115 mm	Grit 24	25 Un.
Ref. 2007-2110	115 mm	Grit 36	25 Un.
Ref. 2007-2120	115 mm	Grit 60	25 Un.

Fibre disc specifically used for removing residue and waste as well as oxide and paint. Diameter: 115 mm.

### FIBRE DISC

Ref. 2007-2130	178 mm	Grit 16	25 Un.
Ref. 2007-2140	178 mm	Grit 24	25 Un.
Ref. 2007-2150	178 mm	Grit 36	25 Un.
Ref. 2007-2160	178 mm	Grit 60	25 Un.

Fibre disc specifically used for removing residue and waste as well as oxide and paint. Diameter: 178 mm.

**EASY SANDING** • Lubricant

Ref. 2007-1150	Cylinder	5 l	6 Un.
Ref. 2007-2520	Sprayer	1 l	16 Un.

Lubricating spray to be used with water-based, manual or power abrasives as well as with spray removal abrasive rubbers. When used with finish sandpapers like *SKYLON*, it reduces temperature during sanding, therefore, increasing output and improving finish.

**ABRASIVE RUBBER**

Ref. 2007-55330	Blue	3 Un.
Ref. 2007-55340	Pink	3 Un.

Abrasive rubber for removing paint spray, metal, dust, etc., from painted surfaces without damage.

Blue: fine grain.

Pink: medium grain.

**DRY COAT CONTROL** • Sanding Control

Ref. 2004-0010	1 Un.
----------------	-------

Sanding control manual applicator. Presents two interchangeable containers. To be placed directly on the bodywork, then sprayed and finally spread over surface to sand.

**QUICK SANDING CONTROL** • Sanding Control Spray

Ref. 5011-6022	Spray	500 ml	12 Un.
----------------	-------	--------	--------

Sanding control spray. Fast drying. Fat and silicone-free.

**QUICK BLACK SPY** • Sanding Control Powder

Ref. 5011-6034	Spray	400 ml	12 Un.
----------------	-------	--------	--------

Fast-drying, sanding control powder. Does not need masking since it does not stain.

### STRIPPING TOOL CRS

Ref. 1007-7530 | 1 Un.

Pneumatic tool for adhesive-remover rubber discs.

### ADHESIVE REMOVAL RUBBER DISC - STANDARD

Ref. 2013-1111 | 6 Un.

Rubber disc for removing adhesives and moulding residues without scratching nor damaging paint work.

### ADHESIVE REMOVAL RUBBER DISC - VENTILATED

Ref. 2013-1112 | 6 Un.

Rubber disc for removing adhesives and moulding residues without scratching nor damaging paint work. The fan system makes work easier and cleaner.

### ADAPTER FOR REMOVAL DISCS

Ref. 2013-1113 | 1 Un.

Handy adapter for placing decal or adhesive removal discs.

CAR  
REPAIR  
SYSTEM<sup>®</sup>

# Bodyshop Equipment

## OPTIMUM LIGHT

Ref. **1008-1800** Lampe 1 Un.

Cordless rechargeable lamp for a perfect colours perception. This lamp is equipped with a lithium battery and a charge indicator. Enables a perfect colours perception thanks to two natural light intensities. The LED characteristics makes the lamp perfect for preparing, painting, polishing and cleaning tasks. Adaptable hook and magnetic base for comfortable work and easy movements.

Two available powers. Battery life: up to 3 hours. Automatic shut down sensor after three minutes at maximum power.

## INFRARED THERMOMETER CRS

Ref. **1014-5000** 1 Un.

Thermometer equipped with an infrared sensor and an ultrasound transmitter to measure exactly any surface temperature. Fast and accurate. Display on LCD screen, in Celsius or Fahrenheit degrees. Temperature measurement: -50°C to 380°C / - 58°F to 716°F.

Especially indicated when direct contact with the surface is not recommended or considered as dangerous.

## CRS-BG1 AIR GUN

Ref. **1008-7109** 1 Un.

Drying gun with abundant air flow and acute blowing precision. Includes a plastic tip to protect bodywork while blowing.

## DUSTER CRS-2012 AIR GUN

Ref. **1008-7518** 1 Un.

Complete blow gun.

## HIGH VOLUME AIR GUN

Ref. **1008-7550** 1 Un.

High volume blow gun.

## MAGNETIC CLAMPS

Ref. **1008-1810** 2 Un.

Pair of two clamps with a powerful magnetic base. Allows to maintain small and difficult to pain pieces by placing the clamps on the car or the paint cabin walls.

## STAND FOR DISMANTLED PARTS

Ref. **2004-1813** 1 Un.

Mobile trolley for storing dismantled pieces during repair in bodyshop.

## STAND FOR SMALL PARTS

Ref. **2004-1811** Stand 1 Un.

Ref. **1008-1811** Clamp 1 Un.

Ref. **1008-1812** Mirror holder 1 Un.

Stand for pieces and mirrors. Stable and handy. Includes three clamps for holding small pieces and 1 mirror holder.

## EASY QUICK ROTATING STAND

Ref. **2004-1187** 1 Un.

Application stand with a wide rotating angle. Easy and quick to move.

## HOLDING STAND

Ref. **2004-2050** 1 Un.

Stand for horizontal and vertical holding of door panels and other items. Equipped with a rotating system (up to 360°) controlled by a pedal. Includes an extension that allows working with 2 items at a time.

Dimensions, including extension: 2100 mm x 810 mm x 1050 mm.

## JUMBO STAND

Ref. **2004-1810** 1 Un.

Stand for horizontal and vertical holding of all types of items. Made of galvanised steel.

Dimensions: 1060 mm x 1300 mm x 60 mm.

Adjustable height: 46, 69, 88, 104 and 117 cm.

## MULTIFLEX STAND FOR BUMPERS

Ref. 2004-1802 | 1 Un.

Stand designed to fix the bumpers in a stable and security way. The bumpers are quickly secured onto the stand with the use of its extensible arms and its fixing clamps. Stand enables panels to be rotated 180 degrees to gain access to the most difficult areas.

## EASYFLEX STAND FOR PANELS

Ref. 2004-1801 | 1 Un.

Very compact and resistant stand for panels, doors, aisles, hoods, boot's doors... Adaptable to any panel thanks to its flexible attachments. Thanks to rotation control and according to fitting, the panel can be positioned in the desired angle to gain access to interior and exterior parts and to the edges. Available compatible accessories to fix hard parts.

## FLEX SPOLIERS KIT

Ref. 2004-1803 | 1 Un.

Kit composed by 4 stainless steel rods with 4,5,6 & 8mm male and female threads. Easy to screw up the spoiler thanks to its quick attachment.

## FLEX STABLE GRIP

Ref. 2004-1805 | 1 Un.

Adjustable grip to hold the door handles, grilles, covers, mouldings, etc. Easy to fit to two stands (*Multiflex and Easyflex*) thanks to a quick attachment.

## FLEX GRIP WITH BRACKETS

Ref. 2004-1806 | 1 Un.

Holds all small parts (covers, moulding...) in need of painting.

## FLEX PRESS OUT CLAMPS

Ref. 2004-1807 | 1 Un.

Clamps for holding on to any and all items that can only be held on to from within (squeeze out).

## INFRARED CRS-3C WITH DISTANCE SENSOR

Ref. 1011-7768 1 Un.

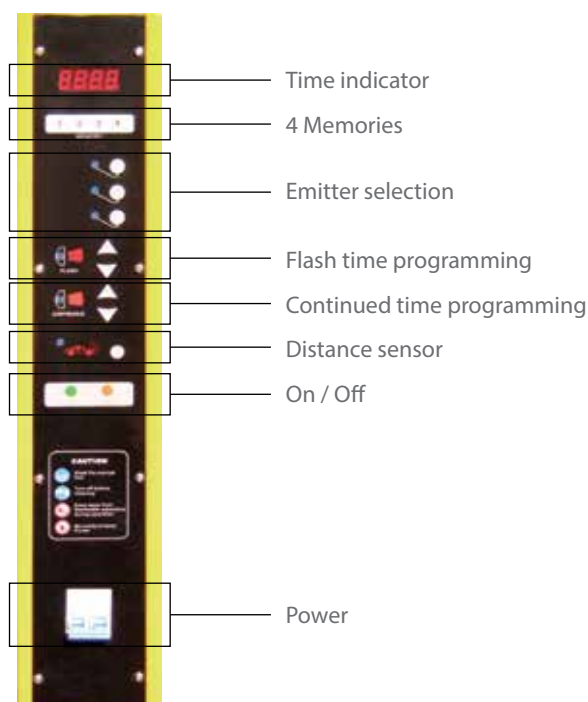

This short-wave infrared system (CRS-3C) is suitable for drying two-component products used in bodywork repair. Its main characteristics are deep reach, reduced drying time, low power consumption, maximum adaptability and use efficiency. Highly flexible and easy to move.

### Equipped with distance sensor.

The CRS-3C lamp is equipped with a timer that determines both drying level and time. The equipment distance and height can be easily adjusted. Heights: 40 and 200 cm. Comes with 4 digital memories that store drying time for each product.

Input power	13.7 A
Voltage	220-240 V / 50 HZ
Short-wave infrared quartz halogen emitter	3 × 1050 W
Maximum power	3200 W
Time ranges	2 × 35 min
Drying surface	1.0 × 0.8 m
Drying temperature	60°C - 70°C

## INFRARED CRS-1C

Ref. 1011-7769 1 Un.

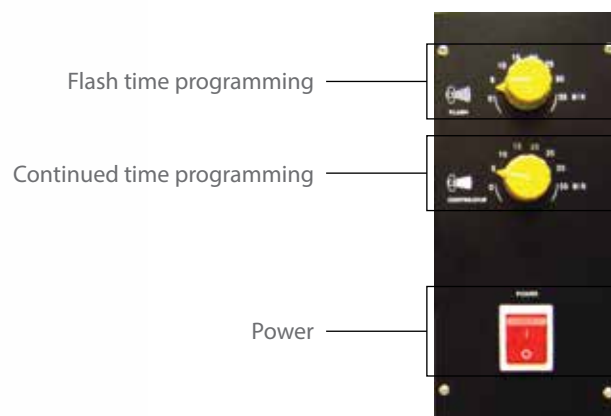

This infrared system (*CRS-1C*) is suitable for drying two-component products used in bodywork repair. Its main characteristics are deep reach, reduced drying time, low power consumption, maximum adaptability and use efficiency. Highly flexible and easy to move.

The *CRS-1C* lamp is equipped with a timer that determines both drying level and time. The equipment distance and height can be easily adjusted. Height is comprised between 20 cm and 160 cm.

13

Input power	4.6 A
Voltage	220-240 V / 50 HZ
Short-wave infrared quartz halogen emitter	1 × 1050 W
Maximum power	1100 W
Time ranges	2 × 35 min
Drying surface	0,6 × 0,4 m
Drying temperature	60°C - 70°C

Continued time programming

Power

### QUICK GEL CABIN • Protective Gel

Ref. <b>5012-1070</b>	Cylinder	5 l	4 Un.
-----------------------	----------	-----	-------

Transparent water-based emulsion for protection of painting cabins. Creates an adhesive layer on which dust and paint spray can stick. Biodegradable.

### QUICK PRO-PEEL CABIN • Protective Film

Ref. <b>5012-0024</b>	Cylinder	5 l	4 Un.
-----------------------	----------	-----	-------

Transparent water-based emulsion for protection of painting cabins. Creates a peel-off adhesive layer (peel-off clear coat) to protect windows and walls from sprays. Easily removed by pulling, blowing or wetting.

### QUICK DUST CABIN • Dust Ioniser

Ref. <b>5012-1119</b>	Cylinder	5 l	4 Un.
-----------------------	----------	-----	-------

Special liquid product designed for reducing dust particles in the cabin atmosphere. Easy to apply by spraying the floor with a normal gun. Ionises all dust particles for a period of 1 to 2 weeks.
