

**MINISTRY OF EDUCATION
PRIMARY ENGAGEMENT PROGRAMME
GRADE ONE WORKSHEET
SUBJECT: MATHEMATICS
LESSON: 4 WEEK 3
TOPIC: SUBTRACTION PROBLEMS**

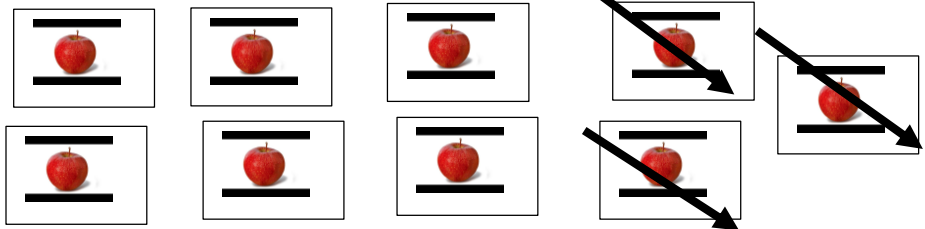

Name: _____ Date: _____

FACT/ TIP: Subtract means to take away, to find the difference and to find how many are left.

PRACTICE EXAMPLE: Read the questions then answer them carefully.

Sam has 9 apples and his friend takes 3 apples. How many apples does Sam now have?

$$\begin{array}{r} 9 \text{ apples} \\ - 3 \text{ apples} \\ \hline 6 \text{ apples} \end{array}$$

ON YOUR OWN

Subtract to find the answers. Use objects to help you.

<p>There are 7 .</p> <p>4 pop.</p> <p>How many are left? _____</p>
<p>I pick 9 .</p> <p>I eat 2 of them.</p> <p>How many are left? _____</p>
