PRIMARY ENGAGEMENT PROGRAMME  
GRADE ONE WORKSHEET – TERM 2  
SUBJECT SCIENCE  
WEEK 2 - LESSON 2  
TOPIC: WEATHER SYMBOLS

Name: \_\_\_\_\_ Date: \_\_\_\_\_

**FACTS/TIPS:** We can use symbols to show the different types of weather conditions.

Here are some weather symbols.

 <b>Sunny</b>	 <b>Rainy</b>
 <b>Cloudy</b>	 <b>Windy</b>

**PRACTICE EXAMPLE: Match the activities to the weather symbols.**

The image contains two photographs and two weather symbols. The top photograph shows five children playing a game of tag on a grassy hill under a bright sun. The bottom photograph shows three children playing in a water spray. The top weather symbol is a blue cloud with raindrops, and the bottom weather symbol is a bright yellow sun. A large black 'X' is drawn across the entire scene, indicating that the current pairings are incorrect.

ON YOUR OWN: Match the activities to the weather symbols.

**HOMEWORK: Make or draw a weather chart.**
